CANCELS TOUR; JOE TO BE FORGOTTEN MAN?

War Dept. Red Tape De-emphasizes Champ

By Don DeLeighbur

NEW YORK.—The War Department after allowing reports to get out that Joe Louis, the world heavyweight champion, would finally be allowed to make that much-desired world tour of army posts boxing exhibitions and demonstrating physical fitness, has apparently reneged on the whole thing and has temporarily shelved the entire idea. This only bears out the view this column took last week when I pointed out in so many words that Louis' hopes were likely to be dashed cruelly against the wall of indifference by the powers that be in D. C. who have little sympathy with sports with boxing in particular.

Not Casual Enough

The mistake, as I see it, was in Joe's reaction. The heavyweight champion was in New York when a bunch of us, including Hye Igoe, Bill Corum, Dick (Daily News) McCann, Dan Parker, Caswell Adams and Lester Bromberg talked with him in the air-cooled offices of Mike Jacob's 20th Century Sporting Club.

The moment the suggestion was made that Louis might like to make a round-the-world tour a la Wendell Wilkie in the interests of soldier morale, the champion's face lighted up and he smiled for the first time in public that most of those present could remember. Red Tape Killing Louis?

Of course Louis knew that the sports writers and the boxing mob has long been plugging to get the champion out in front while he is in uniform—that is, fighting to keep the War Department from allowing Joe to die in obscurity of G. I. red tape.

Louis knew that it means all the difference in the world for a champion to be a leader in whatever pursuit the times call for him to

be in. He knew that it's no good for a man holding the most precious honor in civilian sports life to be relegated to a minor role in any line of endeavor, whether it be packing a gun or working on an assembly line in a defense plant.

It was natural for Joe to get talkative when it became apparent that the War Department was finally going to relent and allow him some measure of comfort for the things he did voluntarily to help the war effort before he was put in uniform. In getting talkative, Joe has evidently blocked his own chances for the War Department, for some reason, has taken the attitude that Louis is to be made the target for a program of "forgetfulness."

Getting Short End?

That the champion has put himself in the peculiar role of the guy who goes overboard for some thing and then gets the short end of the deal is apparent to everyone who takes the trouble to study the matter. Louis had no one but himself and his advisors, including Johnny Roxborough, Julian Black and Mike Jacobs, (maybe Walter Winchell) to blame for giving up his end of the purse in two heavyweight title fights for benefit (1) Navy Relief, and (2) Army Emergency Relief.

In the first instance, Joe laid himself open for just criticism of the Negro Press for benefiting an institution that had a long and unsavory record for Jim Crowing members of his race who wanted to serve their country on the high seas.

Elza Thompson Sees Louis Again

Somewhere in California Sgt. Joe Louis Barrow, "the Champ" ran into some friends also members of the Armed Forces. The boys are all former athletes in civilian life. The two colored soldiers are both natives of the city of Indianapolis. The one on the left is one of our real boys, and none other than Big Elza Thompson, the real state

champion. Elza has become an athletic instructor in his outfit. He says, "I was ready and willing to continue as a sparring partner to the 'Champ' up to the time of the 'Louis-Conn bout'. The camera man did not identify the other persons in the picture, only saying both colored soldiers were from Indianapolis."

GRAND LODGE, RUTHS TO MEET HERE JULY 26-28

To be opened with a public reception at Shiloh Baptist church Monday evening, July 26, the 60th annual session of the District Grand Lodge, No. 22, and the 46th annual meeting of the District Grand Household of Ruth No. 9 will get under way. James T. Douglas is district grand master; Mrs. ena Harris is district grand most noble governor. Dr. Judge I. Saunders will deliver the invocation at the reception, and other city and state notables will speak or attend the three-day convention, which will conclude its business at Shiloh and at New Liberty. Results of the meetings will be announced in this paper next week.

HOLD RITES HERE FOR A. HASKINS, OLD GOP WORKER

Final rites were conducted from the John A. Patton funeral home Wednesday afternoon for Alouzo Haskins, a resident of this city for many years, who died at his home, 1143 North West street, after an illness of eight months.

Born in Greensburg, Ky., October 8, 1881, the son of the late Peter and Sarah Haskins, Mr. Haskins was reared in Kansas City, Kansas. He married 43 years ago, and had resided here since 1899. Very active in Republican politics, Mr. Haskins was employed by Marion County under the Joe Hayes administration and was later employed at the City Hall. He worked for 17 years with the Hayes Brothers, Plumbers. His last occupation was at the John Manien tavern.

Rev. J. T. Highbaugh officiated at the services with burial at Crown Hill cemetery. Active pall bearers were: Roy Howard, Howard Clark, Edward Edwards, Robert Young, Frank Bohannon, and Lytle Frakes.

Besides the widow, Mrs. Mayme Haskins, the deceased is survived by two daughters, Mrs. Ada Wheeler, Detroit, Mich., and Mrs. Ger-

aldine Rhodes, this city, and one son, Cpl. Carl Haskins, stationed with the Army of the United States somewhere in the South Pacific area. Seven grandchildren also survive.

BLED SOE DIES AT PASADENA

PASADENA, Cal., July. (ANP)—Jules Bledsoe, the baritone who catapulted to fame in Flo Ziegfeld's "Showboat," singing the song "Ole Man River," and went on to achievement on the concert stage, died here Thursday at the age of 45. Born in Waco, Tex., Bledsoe was educated at Central Texas college and at Bishop college, Marshall. Later he studied at Virginia Union and at Columbia university.

One of Mr. Bledsoe's notable successes was in the role of "Emperor Jones," which he sang at the Hippodrome in New York City where he lived for a number of years. Half a dozen years ago he acquired a large farm in upper New York where he lived as a gentleman farmer for several seasons. He has spent some time at Pasadena studying and preparing for concert roles during the past two years. Mr. Bledsoe was unmarried.

LAUD KENNEDY FOR ACTION ON LOUD, VILE TALK

Theola Johnson, 24 years old, described by police as being "the worst young woman in town," was sent back to jail on violation of her probation this week after she was found guilty of disorderly conduct.

Patrolman Roy E. Kennedy, district 28, testified that he has chased Miss Johnson out of every tavern on the avenue within the last week because she "cursed and used such vile language I told her that if I caught her in another tavern I was going to arrest her even if she were on her knees praying." Kennedy said, "and this time I could hear her using vile and abusive language a block away so I took her out of the tavern and made the arrest."

The judge said that Officer Kennedy did the best thing for the woman.

Beware of Rumor Mongers! Stop Rumors!

Modern warfare of the enemy has taken on a new offense in the guise of propaganda. The Axis nations have used propaganda most effectively. The long true story of "The Fall of France" attests the effectiveness of propaganda as used in offensive tactics of the Nazis. The enemy knows our weak spot. Our order of material consequences will not fail likely under any assault. The ideal or spiritual being of our nation is a horse of another color.

RUMORS—RUMORS—PROPAGANDA of the enemy is producing some tell-tale results, in an assault upon the spiritual or ideal soundness of the U. S. A. The enemy forewarned us of this method of attack two, three, or four years ago. The enemy would divide the peoples of the U.S.A.—divide and disorganize us with PROPAGANDA—RUMORS—RUMORS playing-up racial and religious hatreds or prejudices.

The enemy would plant the seed of hatred every place over the U. S. A. They have planned to arouse unthinking people—so that passion and strife would flare-up over the land. Study "The Fall of France"—success in this phase of warfare is worth more than victory in a thousand battles on the fighting front.

PROPAGANDA — RUMORS — RUMORS — RUMORS — clashes growing out of RUMOR prompted by racial or religious prejudices or hatreds are related to the WORK OF THE ENEMY AMONG US. We can lose a war by playing into the hands of the enemy, after this fashion.

BEWARE OF RUMORS! STOP RUMORS NOW! Do not pass along the RUMOR you get over the telephone, in the street, from your neighbor or any place elsewhere. Respect the other fellow's rights. Above all respect your own rights. BOTH OF THIS DAY AND ON TOMORROW. Let us be calm as a people and a nation. The greatest challenge to the survival of the Christian culture and democratic lease on life is arrayed in the evils of intolerance, or racial and religious prejudices and hatreds. WE MUST MEET THIS CHALLENGE, lest "government of the people," "by the people," and "for the people" perish from the earth.

Prompt Study, Report; May Include Service

WASHINGTON, July 23. (ANP)—The sub-committee of the Senate Judiciary Committee, entrusted with working up the details on the investigation of race riots, war stoppages and discrimination in the armed services, has already gone to work and requests have been voiced asking that citizens send this group any information, articles, pamphlets, letters or testimony which will be helpful in getting all the facts before it.

Following a meeting of the Judiciary Committee of the Senate, Chairman Frederick Van Nuys (D) Indiana, appointed as members of the sub-committee, Sen. Pat McCarran (D) Nevada; Joseph C. O'Mahoney (D) Wyoming and Homer R. Ferguson (R) Michigan, to fully explore the request for \$25,000 to cover the expenses of a national inquiry, to begin their study at once and to report to the full committee on September 14 when Congress reconvenes.

It is understood Sen. Ferguson is now in Detroit making a painstaking study and personal investigation on the order of his "one-man grand jury" probe, during which he secured the indictments of several Detroit police officials and racketeers caught in a "crime ring" while he was serving as judge, a year before being elected to the senate.

Sen. McCarran during the summer will make a similar survey at several other points where it has been reported racial tension threatens the all-out war effort or

PENN GOVERNOR HEARS LEADERS, TO FIGHT RIOTS

PHILADELPHIA, July 23. (ANP)—Governor Martin, following a conference Monday with Negro leaders, has agreed to establish machinery to forestall possibility of serious racial clashes in thirty tension areas throughout Pennsylvania, it was revealed Wednesday.

The state's chief executive, to carry out this program, has promised an appropriation of \$15,000 to promote good will through educational programs in churches, press and radio; to employ investigators to go into trouble spots and seek to determine causes of tensions; to set up techniques to handle a racial clash, and to provide him with definite information regarding areas where friction is tense.

Identity of the thirty areas was not revealed. Governor Martin was promised that in two weeks a state wide committee of Negroes and whites will be organized, leading the way will be the Pennsylvania State Temporary Commission to Study Conditions Among the Urban Colored Population of which E. Washington Rhodes, attorney and publisher of the Philadelphia Tribune, is chairman.

SEVERAL SHOT, CUT IN FIGHTS; PUSH WORK PLAN

In the wake of a sudden crime upheaval over the weekend several persons have been shot, cut or otherwise attacked under the cover of darkness. James Chrisler, 24 years old, 1608 North Arsenal avenue, was shot through the right forearm Saturday night during an altercation with Robert Wilson, 27 years old, 1736 Yandes street. Chrisler told detectives of the homicide bureau that he was sitting in a booth in a tavern at 1317 East 19th street, drinking beer with two women, Helen Harvey, 23 years old, 1814 Yandes street, and Alberta Galloway, 31 years old, 1352 North Missouri street, when Wilson came in and started an argument with him. As he tried to explain to him, Chrisler said, Wilson fired at him several times then fled. One of the bullets lodged in a wall. Police later arrested Wilson at 16th and Bellefontaine.

MRS. SCOTT DIES, WIDELY KNOWN E'SIDE WOMAN

Funeral rites will be conducted by Rev. George A. Baltimore from the New Bethel Baptist church, at 1 p. m. Friday, July 23, for Mrs. Marguerite Scott, daughter of Mrs. Mary P. McGuire, prominent East Side church worker and civic leader, who died at City Hospital Tuesday, after an illness of several weeks.

Mrs. Scott, a native of this city, was born August 12, 1915, at the old homestead of her father, Bert Phillips, 434 Hiawatha street. She attended public schools 56, 26 and Crispus Attucks. She was an active church worker having been baptized at the age of nine by Rev. Baltimore. During her young womanhood she took a very active part in YWCA work.

Some time ago she was married to Private Percy A. Scott. Besides the mother, Mrs. Scott is survived by the widower, her father, Bert Phillips, who is in Buffalo, N. Y.; a brother, George Frederick, a sister, Ann Frederick; six nieces, Mrs. Bertha Jones, Mrs. Mary P. McGuire; two grandmothers, Mrs. Bertha Jones and Mrs. Daisy Denan; two aunts, Mrs. Cora Joyman, Dayton, Ohio, Mrs. Myrtle Galbreath, Cleveland, two great uncles, George Galbreath, Cleveland, and Rev. Leo Galbreath, Hopkinsville, Ky. Burial will be at Floral Park cemetery. Jacobs Bros. Funeral Home had charge.

WASHINGTON, July 23.—Casualty crashed rudely into the ranks of the 99th Pursuit Squadron during a dogfight against superior Nazi forces over Sicily, a crisp message from Allied Headquarters in North Africa revealed. One flyer is believed to be safe; the fate of the other is unknown. Identity of the men is withheld until the War Department has notified the relatives.

It was during an attack on Sicily, in which Lt. Charles Hall of Brazil shot down a fearsome Focke-Wulf fighter, that the two pilots suffered misfortune. Although there had been several minor incidents, there had been no casualties in the ranks of the most widely watched fighter squadron in the world. The airmen were used as units in the spearhead attacks on Pantelleria, which long since has fallen; and on Sicily, parts of which now are in Allied hands with complete conquest on the key island in the offing.

Reports from the North African war area reveal that the 99th has slipped into smooth operation with veterans of the Allied flying arm and have reflected great credit upon their unit, under command of Lt. Col. Benjamin O. Davis, because of their resourcefulness, courage and fitting readiness into the Allied machinery of operation. White pilots not only have seen and flown with the men under the heaviest flak fire (anti-aircraft fire from the enemy) but have come back to report in most glowing terms their ability and high calibre.

High Allied officials including Gen. Dwight Eisenhower were on hand to greet the raiders following the Sicilian raid and warmly congratulated the squadron and especially Lt. Hall.

More details are expected from the War Department officials following the usual notices sent families of missing servicemen.

Nation-wide acclaim has come to the squadron and to Lt. Hall after he became the first colored flyer to bag an enemy plane. A national radio chain program listed him as Yank of the Week and his outfit was sent thousands of cigarettes.

His mother, Mrs. Anna Hall, Ft. Wayne war worker, says that she is mighty proud of her son and is happy because she helps make the kind of ammunition he uses in his guns. He named his plane The Maxine, for his wife Mrs. Maxine Parrish Hall of Terre Haute.

STATE PRESSES WELFARE CASE; IN FIFTH DAY

The prosecution continued to place witnesses on the stand today in its trial against Mrs. Florida Leeke, 470 Fall Creek Boulevard, place, welfare department investigator, who is charged with embezzling funds and petit larceny.

The trial started the first part of the week before Judge William D. Bain. A grand jury returned indictments in two counts against the defendant August 3, 1942.

Two foster parents of children have been placed on the stand for the state. One of them stated that Mrs. Leeke tried to get a return on welfare money paid her for support of a child because the child at that time was under treatment in City Hospital.

When she demanded a receipt, the witnesses said, Mrs. Leeke returned the money and declared that she would have to take the matter up with the welfare department herself.

NEW YORK, July 23. (ANP)—Continuing her preachment for equality for all peoples, Mrs. Eleanor Roosevelt has listed four freedoms to fight for on the home front in addition to those advocated by her husband, the President. Writing in the second issue of the magazine, the New Threshold, official organ of the United States Student Assembly, under the topic, "Abolish Jim Crow," Mrs. Roosevelt stressed:

"Equality before the law, which assures us of justice without prejudice, for Jew or Gentile; for any race or color, as far as human beings can obtain justice.

"Equality of education for everyone, because of the need for an equal opportunity in life.

"Equality in the economic field, which means we are so organized in our communities and in our system of economics that all men who want to work will have work and that work will be suited to their capacity and will be rewarded without prejudice.

"Finally, because we believe in the democratic and republic form of government, by which we are governed through the consent of the governed, we must give to all the citizens of a democracy a chance for equality of expression. We believe there should be no impediment which prevents any man from expressing his will through

street, and charged him with assault and battery with intent to kill. Chrisler was treated at City Hospital.

Woman Is Cut

Sunday afternoon, Mrs. Martha Leggs, 21 years old, 1436 Cornell avenue, was shot in the upper left arm once and one time in the lower right arm. She said that her husband Flenot Leggs, 31 years old, same address, fired at her four times, two of the bullets taking effect. Leggs, unable to give a reason for his actions, was charged with assault and battery with intent to kill. He stated to reporters that he was trying to kill his wife because she had misused him so much.

Mrs. Viola Mason, 44 years old, 819 1/2 North Illinois street, suffered stab wounds in the right hand and under the right shoulder blade. Her son-in-law, Jacob Dowdell, 32 years old, 1704 Boulevard place, said that John Gray, 35 years old, 810 1/2 North Illinois street, attacked Mrs. Mason with a woodpecker. He admitted the stabbing and showed police a small cut which had been inflicted behind his ear with a wine bottle thrown by Mrs. Mason. She was sent to City Hospital in an ambulance and charged with vagrancy and assault and battery and Gray, was charged with vagrancy and assault and battery with intent to kill. Patrolman Lawrence Anderson and Charles Williams made the investigation.

Suffering from critical knife wounds, allegedly inflicted by John Brewster, 35 years old, 252 West St. Clair street, Mrs. Sadie Ferguson, 31 years old, same address, was sent to City Hospital in an ambulance Saturday evening. Police officers Lawrence Anderson and Charles Williams met another officer, William Dinkler, in the 300 block St. Clair street, chasing Brewster and were directed to the house after they apprehended him. Mrs. Ferguson was cut twice in the chest, one time on the head, one time on each arm and suffered a five-inch cut on the left side of the face.

Mrs. Ferguson said that she had been living with Brewster and after he left he returned with two men and asked for his clothes. An argument followed, she said, both were charged with vagrancy pending a further investigation.

George Harris, 20 years old, 622 Drake street, is in the Marion County Jail under high bond charged with rape. He is alleged to have criminally assaulted a 15-year-old girl, Mary Darden, 532 N. California street, near a gravel pit at 14th and Collins street. The child's father, Herbert Darden, 48 years old, reported the incident to police and an examination at City Hospital showed that the girl had been assaulted. Patrolmen Jack Durham and Jesse Francis arrested Harris at his home; some time later after he attempted to flee.

Work Drive On

In the meantime in an effort to curtail crime activities police and other law enforcement agencies have started a "no work, jail drive" on men who are known to make their living off the public without legitimate jobs. Tuesday afternoon Judge John L. Niblack fined Fruster Jones, well known figure here, \$10 and costs and sentenced him to serve 180 days on the Penal Farm for keeping a room for seclusion, after police Sergeant John Foran confiscated some baseball tickets at a confectionery in West 25th street, which is allegedly owned by Jones. Judge Niblack placed Jones on probation for one year providing he gets a job and makes an honest living, but Jones stated that he was in poor health and could not work even if the judge sentenced him to a year.

"I am tired of you fellows making a living off the public and it's left to you whether you want to work or go to the farm," Niblack said. He gave the same fine and sentence to Jones' assistant, Sergeant Preston Heater and members of his vice squad have been roving the streets at night between the hours of 8 p. m. and 4 a. m. arresting men who have no visible means of support. He has arrested dozens of them within a few weeks including women who are sent to the Isolation Ward for observation. Heater has been praised by Chief Becker and the other high ranking members of the force for his drive on this sort of thing. At each roll call captains have read off the names of persons who are known not to work and should be arrested. This week an order was sent out to arrest on sight David (Lips) Murphy and other avenue characters, if they have no visible means of support.

AVE. CLEAN-UP DRAWS PRAISE

Despite the hardship that manpower shortage works on the department, Safety Board President Will H. Remy and Chief of Police Clifford Becker got some assistance this week in their clean-up efforts along Indiana avenue. Surprised and delighted businessmen and pedestrians found that a crew of determined men were really going to town and the usual howl-made when city officials become too active in this vicinity—was missing, everybody was smiling and happy.

A reporter called City Hall to learn if the clean-up would continue and was assured that the good work would last as long as needed and available manpower permits.

"We have been a bit slow in getting started," a City Hall official said, "but we're getting around to it. Of course we're short of help but cleaning up after the job had been neglected several years is hard. We're doing it though and we're doing it right—that takes a little time," he said. "Why do you ask about the clean-up," the city official asked?

"Because I was talking with Mr. Remy several days ago and suggested that the administration might extend its clean-up drive and include Indiana avenue. We see the results and everybody along here is happy. How often will you 'hit the Avenue'?"

"As often as the Avenue needs it," Luther Tex, commissioner said. "That's fine," the reporter said. And those remarks ended discussion of how the Avenue came to be swept after a long time, but your reporter had to wait a long time to get the dirt (moved) before he could get his mind out of the gutter and write this little story. It was a dirty shame.

SERGEANT THOMAS WAS DRIVER FOR ROOSEVELT IN LIBERIA—'WAS A REAL THRILL,' HE SAYS

By Opal Tandy

Somewhere on the eastern hemisphere there is a long road that winds in and out among trees and historic land spots and finally loses itself in the quiet hills just north of Liberia on the coast of Africa. At night the cool breezes wait gently through the trees and among the houses of the lone Negro Republic.

On January 27, 1943, Liberia had its most historic and busiest day. Since early dawn thousands and thousands of troops had been marching, parading, and moving about without knowledge of what they were doing it for. The man in particular, who was to come very close to making history, Master Sergeant Homer E. Thomas, of the 1st Engineers, did not know that he was to be a very special chauffeur or to whom he had an idea.

Two days before, Sgt. Thomas had been hurriedly summoned to his colonel's office and told to get ready to drive a jeep on a special assignment because the troops in that area were going to be visited by a "very distinguished guest." They did not tell him that Franklin D. Roosevelt, first U. S. President in history to set foot on foreign soil during a war, was to be that guest.

"It Was a Thrill!" His commanders took him on a route that the parade was to follow and instructed him not to move one foot either way from where they told him. There was to be no mistakes. An iron rod was fastened on the side of the jeep and the seat was pushed back. This arrangement gave the veteran of over 30 years' war service some idea as to whom the guest might be.

On the day in question Thomas was a mess of nerves. He drove to the officers' mess escorted like he had suspected he was to drive the President's jeep while he visited the President of Liberia and inspected American troops.

Thomas remembers in detail everything that happened. He said that he had never before seen so many high-ranking army and state officials of the United States together in all his life. First they drove slowly past the troops while the President and his aides shook hands with the commanding officers and inspected their equipment along the way. The President never spoke to him directly, Thomas said, but it was a real thrill just to be that close to him, he declared.

C.—Under an Act signed by the President on July 12, all material owned by the recently liquidated NYA became surplus property and has been turned over to the Procurement Division of the Department of the Treasury. It is specifically provided in the legislation, the NAACP said, that NYA property in use by private, city, county, and state vocational educational institutions may be loaned to these institutions for the duration of the war without charge.

Property and material of NYA that is not already in use can be borrowed from the Director of Procurement upon certification by the U. S. Commissioner of Education here that the institution making application is actually engaged in vocational education. Applications for loans of property must be made during the next ninety days. Federal government agencies will, however, be given preference.

JACK, BOBCAT WIN D. C. BOUTS

WASHINGTON, July 23. — The lightweight stars, Beau Jack, the challenger, and Bob Montgomery, who took the title from the Georgia cyclone in Madison Square Garden recently, showed here Monday and Tuesday nights against John Hutchinson and Frankie Wills, respectively. Beau earned a title shot by flattening Hutchinson, stablemate and protégé of Montgomery, in six savage rounds, with the winner having all the best of it. Montgomery took the decision unanimously in ten rounds from an incapable foe. Their bout was non-title.

PLANTS SPUR WAR BOND DRIVE TO BACK ATTACK

From every section of the state more payroll savings "fighting dollars" are rolling toward the front to back the attacks in Italy and the South Pacific as a result of the "Figure It Out Yourself" war bond campaign.

Employee-sponsored drives are being pushed in 324 of the state's biggest stores, factories and offices. Charles E. Hoover, executive manager of the payroll savings division of the war finance committee, announced today. In these 324 firms there are 284,402 employees.

At the sprawling plant of the Carnegie-Illinois Steel corporation in Gary, the biggest employee-group in the state is using the Treasury's little booklet, "Figure It Out Yourself," to put war bond savings on a family budget basis and in the Number one spot. The firm's joint labor-management war production drive committee is receiving letters from former employees now in the armed services urging every worker in the plant to go all-out, to help win as quickly as possible.

At the other extreme of the state, Jeffersonville, on the Ohio river, the big Jeffersonville Boat & Machine company's workers are musing their drive.

"We have had so many payroll savings cards turned in for increases that it will take us days to make a complete report, but we're sure we're 'over the top' on the new dollar quota assignment given us by the Treasury department," said William N. Sherman, public relations director.

There is plenty happening on the payroll savings fronts in every one of Hoosierdom's industrial centers. In South Bend the employees of Bendix Aviation corporation are out to reach an increased quota of \$390,000 a month. In LaPorte county, the big Kingsbury Ordnance plant, with thousands of workers, is in the midst of the "Figure It Out Yourself" drive. At Terre Haute it's the Owens-Illinois Glass company and 15 others. International Harvester and Studebaker at Fort Wayne are conducting comprehensive campaigns.

In the drive launched by a spectacular mass meeting of more than 5,500 employees, the Curtiss-Wright corporation's propeller division at Indianapolis is achieving tremendous success. Hundreds of employees in this plant have boosted their war bond savings to 25 percent and more of their total earnings. Mike Kute, a production worker, signed for 75 percent.

In the honor roll list of "First Firms", the first firm in each county that attains the increased dollar objective in the campaign, are two names: Eli Lilly & Company, Indianapolis, and the South Bend Toy company, St. Joseph county.

(Guest Columnist)

"RACE RIOTS ARE NOT A PART OF THE AMERICAN IDEAL."

When Westbrook Pegler characterized the Detroit race riot as being as typically American as ham and eggs, he expressed a sentiment that made a mockery out of the fundamental principals upon which this great democracy was founded. This attempt to mind. They stimulate patriotism correctly carried with it the implication that race riots are a part of our culture.

Men like Westbrook Pegler often poison the public's mind. The ystimulate patterns of thinking that are conducive to hysterical reasoning. Beneath their veneer of sage and philosophy there lurks a maliciousness that belongs in the gutter. It is a great pity that their literary talents have given them such a large audience.

I admired the courage of Pegler when he said, "If I were a Negro, I would crash my brains out against the racial barriers that confined me." True they were empty words, but they had an unforgettable depth of feeling. They were like a warm handshake from an old friend.

Now, this same man has turned his back and viciously given license to mob action in public print. It is not so much what he said, but the time he chose to say it. For in these serious days of national emergency, people who incite riots, are giving aid and comfort to the enemy. They are the . . . FIFTH COLUMNIST IN AMERICA.

WE OURSELVES MUST DEFEAT THEIR ACTION BY CONTINUED LOYALTY TO THE CAUSE OF DEMOCRACY.

This much we know: the Negro problem cannot be solved by race riots. As a minority group in America, we must evolve peaceful methods by which to work for racial understanding. This is no time for fanatics whether they be white or colored. Racial tension has reached the breaking point. Some irresponsible person of either group may cause a racial conflagration that will destroy everything we have gained within the framework of democracy.

BITTERLY TRUE IS THE FACT THAT THERE IS AN ELEMENT OF WHITE PEOPLE WHO SEEMS MORE CONCERNED WITH MAINTAINING THE RACIAL STATUS QUO THAN WINNING THE WAR. These people are pathetic in their actions. Many of them have relatives and friends in the armed services of their country. When they allow their race prejudices to disrupt the successful prosecution of the war they are in reality gambling with the lives of those they love.

War is a horrible thing. The world changes under its violent impact — and people must. Daily, the casualties on the battlefield mount. They include white boys from New York and black boys from Dixie, farmers from the Middle West and college professors from New England. All have been thrown into a vast melting pot. Many will give their lives for the things we're fighting for. We on the home front must not let them die in vain.

WE ARE AMERICANS. IT IS A HERITAGE THAT WE LOVE. WE CHALLENGE THOSE WHO SAY THAT RACE RIOTS ARE A PART OF THE AMERICAN IDEAL.

SOCIAL WHIRL

Elizabeth Brizentine Taft

BUSINESS IS PICKING UP and there is no slack in the social activities of localities and neither the visitors who have been coming from all parts of the country to visit the Hoosier capital.

It was quite interesting to listen and watch the sparkle and the fond embrace of Mrs. Georgia Grady, Detroit, and Mrs. Andrew Carter, at the latter's home in N. Blackford street when they met. They are life-long friends and the "good ole times" was the trend of their conversation the morning through. Mrs. Grady will be extended several social courtesies while in the city.

Mrs. Amelia Paige informs us that she enjoyed a pleasant week-end at Plainfield as guest of June Kinsley and his son and daughter-in-law, Mr. and Mrs. James Kinsley. Miss Jean Thurman, Toledo, O., is guest of her aunt and uncle and the Oscar Lillards in So. Illinois street. The W. Mrs. Oscar Lillard surprised her husband with a lovely birthday party at home Saturday night during which time games, dancing and refreshments were enjoyed. The Mann Hamiltons, Messrs and Mesdames Vernon Shields, Mitchell Walkers and Jessie Whites were guests.

Quite the most lovely affair I attended last week was the birthday dinner for Mrs. Ladonia Osborne at the home of her aunt, Mrs. Mary Anderson in Blackford street at which time several intimate friends gathered and enjoyed a delicious dinner of fried chicken, green beans, fresh tomatoes and spring onions, pickles, olive and celery, mashed potatoes, plenty of butter, iced tea with plenty of sugar and lemon, brown gravy and hot rolls. Afterwards we had delicious cake and pure ice cream and gobs of it. Donie's table was especially appointed with place cards and a tall vase of white carnations, greenery and ferns served as centerpiece. Ladonia was dressed in green and white and her birthday cake was white decorated in green with green candles. Before and after dinner, refreshing drinks were served and games were enjoyed. Among guests present were Mrs. Lillian Holland, the Wm. Howards, Mrs. Irene Willingham, Mrs. Gladys Taylor, Donie's aunt from Detroit, Mrs. Bertha Mack and daughter, Dorothy, who were house guests of Mrs. Anderson, LeRoy Johnson and yours truly. Service-O-Gram

No branch of the Service Men's centers can operate successfully without the co-operation of civilian groups ready, eager and willing to give time and labor and sometimes money, not only to help entertain the men in service, but also to help make the Centers attractive. It is said, of course, that men are indifferent to their surroundings, and care little about decorations. This statement has been definitely disproved in the Centers, for no one is more appreciative of the things done for his comfort than the soldier or sailor who seeks relaxation in town.

The Peace Time Charity club is one of the groups that is bending its efforts toward making the Senate Avenue branch, S.M.C., gay and cheerful for the visiting men. As you know, the Service Men's Centers acquired the best available buildings, when they expanded. The buildings were comfortable, but not always things of beauty. That is why civilians have banded together to turn the Centers into something more in keeping with a home-like atmosphere.

Well, the "Peace Time Charity club decided that the Senate Avenue branch needed curtains, for curtains are one of the greatest helps to a room. They raised the money, and spent \$103.21 for material. Then they hung the curtains and hung them.

Mrs. Margaret Rose is president of the club. Those members who worked with her are Mesdames Mattie Pazz, Anna Dickerson, Clara Davis, Orbie Pierson, Hathe Knox, Alice Pickett, Margaret Mayo, Susie Cassell, Lillian Ridley, Anna Booker, Josie Martin, Reva G. Delicious Ice Cream Now Made With Light Cream

The children and big folks of America are going to have their ice cream this summer!

This seems like an amazing statement in the face of war shortages, limitations of ice cream manufacture, lack of heavy cream and many of the ingredients that we have always been accustomed to for making ice cream.

One of the reasons that we are winning the war in this country is our resourcefulness, and American women are just as resourceful as their men.

No apologies need be made for this war-time ice cream. It has texture. It has flavor. It's delightful to eat, and mark these words . . . it contains little butterfat, mother, so maybe it will be less fattening. You can make this ice cream quickly, easily and economically in your automatic refrigerator. The secret of it is to use rennet tablets and make the ice cream first into a rennet custard before freezing. This ice cream uses no eggs, requires no cooking, but the rennet custard seems to cause it to freeze to a smoothness and delicacy which is most delicious.

Here are two recipes — both for your automatic refrigerator. The first is for ice cream; the second for a milk sherbet. You will find them both delicious.

Vanilla Rennet-Custard Ice Cream (Automatic Refrigerator)

1 rennet tablet
2 cups light cream
1/2 cup sugar
1/2 teaspoon vanilla

1. Dissolve 1 rennet tablet by crushing in 1 tablespoon cold water.

2. Mix 2 cups light cream, 1/2 cup sugar and 1/2 teaspoon

vanilla. Warm slowly, stirring constantly. When COMFORTABLY WARM, (110° F.) not hot, remove at once from heat.

3. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into refrigerator tray. Do not move until firm — about 10 minutes, then cool in refrigerator about 1/2 hour.

4. Place in freezing compartment. Freeze until firm. Remove from tray to a bowl, break up with a fork and beat with electric or rotary beater until free from hard lumps but still a thick mush. Finish freezing. Top each dish with a few nut meats before serving.

Lemon Sherbet (Automatic Refrigerator)

1 rennet tablet
1 tablespoon cold water
2 cups whole milk (not canned)
1/2 cup sugar
1 teaspoon grated lemon rind
Few drops yellow food coloring
2 tablespoons lemon juice

1. Dissolve rennet tablet by crushing in 1 tablespoon cold water.

2. Mix milk, sugar, grated lemon rind, and food coloring. Warm slowly, stirring constantly. When COMFORTABLY WARM, (110° F.) not hot, remove at once from heat.

3. Add dissolved tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into refrigerator tray. Do not move until firm — about 10 minutes.

4. Freeze until firm. Remove from tray to a bowl, break up with a fork, beat with an electric or rotary beater until free from hard lumps but still a thick mush. Add lemon juice, beat quickly into mixture. Finish freezing.

1 box powdered fruit pectin

To prepare fruit, crush thoroughly or grind about 2 quarts fully ripe raspberries. Remove some of seeds by sieving part of pulp, if desired.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5- to 6-quart kettle, filling up last cup or fraction of cup with water if necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, 1/4 teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

BLACK AND WHITE OINTMENT and SOAP

IN THE GROOVE

By Elizabeth Brizentine-Taft

It's really true, things ain't what they used to be! Can't get around much anymore and then when you do get around, you don't see the same crowds nor the familiar faces. Guess they have drifted away and found new and pleasanter surroundings, can't blame you for that, but would kinda like to see you once in awhile!

But as last year's report shows, this time last year, you were makin' the groove at Victory Field, and the usual crowd was there. Don't have space to mention all the folk who were attending that game, but it was between the Grays and the Ciney Buckeyes and wlafta game! Wish they'd bring the Grays here this year! That's really a sporting event to see! . . . Also in last year's column along about this time we find that history repeats itself. Esther Buckner, who was entertaining for an out-of-town visitor is now being entertained by said persons in Boston, Mass., and what a time she must be having, since we hear not a scratch! But is no news good news, and we know she'll have plenty to spiel when she returns.

Flash Lawrence, emment dancer who returned from Detroit this year to be with his mother who underwent a serious operation had a toast printed in the Detroit Trib, which we reprinted in our column this time last year. Seeing as how there's so much coinage flourishing it's nice to repeat that toast of Flash's: "I spend my money like water, Drink of life like wine; I know I ain't livin' like I ought to, but ain't my life mine?" Nuff said! . . . Lt. Chas. Jackson had just been commissioned as a second loony and we were all proud and glad!

Now we have several for whom to be proud! . . . Lt. Clarence Hicks is home on officers leave with his wife Dorothy and his father, Clarence sr. . . . Brownell (Big Dough) Payne is home also with his parents. . . . and Cpl. Tom Howard visited his relatives and many friends last week and enjoyed a very groovy furlough! Tom, a most exquisite replica of the expression, Tall Brown and Handsome, looks befittingly so in his khaki, and there is no doubt that many a heart fluttered when they knew of his arrival or first laid eyes on him. He was quite busily engaged, as Tommy-lommy was always, and informs us that he's a technician; that he's an office clerk and that he too does his bit of pounding the typewriter, via the hunt and peck system. Never-the-by-and-by, still typing right on!

Heartfelt sympathies are extended Geraldine Haskins and family at the passing of her father, Alonzo Haskins. . . . Something that isn't by Ripley, Louise E. Parker and Henry L. Young who have enjoyed a twenty-five year childhood romance have reached the parting of the waves for good, so says Louise!

Robert Pinkard, with sergeant's stripes is in the city and what a nice chat we had with him. Of course, between you and I, I'd like to know what Lucille Hizer meant when she pulled off her glove and showed me the right ring on the right finger and said surprise! We'd been expecting it all the time and felt confident we'd be the first to know, but leave it to the Glamorous one to keep things a deep dark secret; anyway, congratulations are in order to them. Sgt. and Mrs. Robt. Pinkard sorta did the town up in khaki and black and white Sattidy night!

Bob also informs us that the three big things in the army man's life are, "Chow, mail and furlough", altho army officials include cigarettes in the big three, anyway, mail plays a most definite part in army man's life so we must keep up the good work! . . . Had an interesting letter from Gabby McReynolds who writes us now from Bks. 8-D, 1954 Ord. Co. Dept. Rome Air Base, Rome, New York. He wants that you should know he's away from King George's state (good enough for him) and that he'd appreciate any mail from you. He likes it much better and thinks that Claude Dixon could write to a pal since he's on the home front now. I think so too, Gabby and I'll be writing to you soon!

Also another interesting letter came as a surprise from Helen Blair who now resides in Dayton, Ohio and who's feeling very down in the dumps because her son, Marvin Sanders has joined the Coast Guards at New York. It was just a year ago she said that she had the pleasure of meeting and knowing yours truly on the good ole shores of Lake Wawasee and she definitely wanted me to let the boys and girls at South Inn and on the Lake proper to know she misses them this year and for the first time in seven years she isn't with them! It was good hearing from you Helen, thanks so much and when you come to Naptown, please stop in and see us!

Bernice (Amber to me) Bassett informs us that she's really enjoying a nice vacation while here. That tho there are few places to go, there's no need of one misusing one's self because you can eat, sleep and play and do the same thing over again. Think you've got something, too, Bernice! . . . Vesta Collins pinch-hit as a waitress Sattidy to Shaw's and a good one she was too! . . . Joe Carpenter's been on the sentimental side ever since "You'll Never Know" took its place on the juke boxes in town he says he definitely likes the way Frank Sinatra sings same, well, who wouldn't? It's quite the loveliest of lovelies via the song route and Square, "you'll never know!" . . .

Pvt. George (our Baby George) Thompson writes Mrs. Joyce that he's stationed in Louisiana near New Orleans, the only southern city he ever wanted to visit. Good luck, baby, and we know that you'll be able to take everything in your stride as it comes and goes and as time goes by, we'll be seeing those private stripes removed and something else replacing them because we are all plugging and, yes, even, praying for you! . . . Be careful with those Crole chiquitas, though, George, because we certainly don't want Mama Joyce to come on like gang busters if somebody hurts our "angel child!" . . .

Ernest Stevart blew in town for a hot minute and everything was groovy while he was shaking with the mitts his many friends. He hails from Windy City now where he's stops at the DuSable, famed hotel located at Oakwood and Cottage Grove, between runs to California on the Big Chief! . . . He's the same ole guy with the same gift of gab! . . .

Saw Marian Powell, Esther Lee and Lapheta Barnett walking the stem Sattidy night and the choice bit of gossip they told me is definitely too good to publish, but oh how I wish I could dish out this trashy stuff and if you should happen to see them and they tell you about it, tell me the truth and we'll all have a laugh together! No foos, no fun, and we really had the laugh that night! . . . But that's good and groovy, so we won't worry about that! . . . This is 30 and I hope you love it!

R. M. A.—I get a lot of kick out of your column. I live with my father and two brothers. My mother is dead. My father won't let me socialize with boys like a young miss should. I do all the housework, cook, wash and keep the house clean. My father don't want the boy I want to marry to come and see me. What shall I do about my trouble?

Ans.: Your father doesn't object to all young men... just those he feels are not worthy of you. If you will invite the right kind of young men to the house... they will be treated decently and with respect.

R. R.—Friend, I have read your column for 10 years or more. I find it good and believe you can help me. I like my present home very much and can buy it cheap. Should I try to buy it and should I advise my husband to take his pension?

Ans.: A home of your own, bought and paid for... should be the goal of every family. Accordingly, my advice to you is to buy now while you can. Let your husband continue on with his job. If possible get the home paid for before accepting his pension.

E. B.—I am one of your old customers and like your advice. Please help me. Does this boy want to marry me really or is he just coming to my house to be jiving and popping off about marrying? Was I wrong about mailing him the card?

Ans.: Not the least bit... but you did take some of the wind out of his sails. He figured he was "building you up" into a mood for frolicking... until the post card came telling him that in your opinion he was "STUNK." The poor guy's crestfallen.

J. S. M.—I am in the first year of high school and I like a boy in the senior class very much. He says he likes me. He watches me all the time, and is always joking. Does he like me or does the boy in the junior class like me best. A boy in the army was writing me, does he care anything for me? Must I find something to keep my mind busy and forget these boys?

Ans.: Quite the contrary. Every normal girl should enjoy the friendship of boys. High school romances are educational in themselves... when not carried too far. They teach youngsters like yourself how to get along with the opposite sex. So have your fun and your sweethearts... just keep the boys in their place.

Old Customer—I ask my friend to write you and I trust your advice will make a true wife out of her. She is a lady that wants to put on the pants. She works, also her husband. When they come home from work she sits down and dogs the men around. She is so superstitious, she claims he has her voodooed. Give her some good advice as her life and home is unhappy with superstitions. She worries too much.

Ans.: Yes, and you likewise would stay upset if you believed in this conjury as your friend does. Her husband is the one that needs talking to. He is deliberately bedeviling his wife with voodoo talk. He is slick enough to have his way by feeding her mind with such trash. If you have any influence with the man... advise him to put an end to this superstitious practices at once. Otherwise, he will kill the little love life he has for him... and be responsible for any breakdown in her health, physically or mentally.

R. P. B.—I am very lonesome. I like a man but don't know whether he likes me or feels sorry for me. He comes and sets with me sometimes and gives me soft drinks, all I want to drink.

Ans.: Now that's the kind of a sweetie to have... especially during the hot spell we're having. You are 35 years old now and you can't be picayunish about why some likely looking man likes your company. Regardless of his motives... lead him on. A sorry man's better than no man at all.

FIRMS DISLIKE ANTI-RACE TAG

WASHINGTON, July 23. (AP)—The growing reluctance on the part of firms holding war contracts to be accused of having discriminatory labor policies is indicated in a letter which one West Coast manufacturer wrote the area War Manpower Commission representative in answer to a check-up letter regarding an alleged refusal of employment to a Negro.

It appears that a Negro did apply for a job was told by a new stenographer, in the absence of the personnel manager, that the company does not hire colored people. "Please accept our apologies for this, for we know it is an error," the company wrote. "She (the stenographer) did it in complete ignorance of our policies, and has been reprimanded and positive instructions have been issued to anyone in our plant who might have anything to say to people applying for positions that no discrimination in any form will be permitted."

The company promised that if the individual would visit the plant, he would be offered apology and hired to boot.

12 BROTHERS AND SISTERS IN U. S. ARMY

BAER FIELD, Ind. — Corporal Harold Bristol has reason to be proud of his family, as he has nine brothers and two sisters in the Army. All children of Mr. and Mrs. Archibald Bristol, New York. At one time seven of the men were at Fort Dix, New Jersey, but transfers scattered them, so Corporal Bristol only knows why three of his brothers are stationed at present. First Sergeant Alfred Bristol is now serving near Syracuse, New York; Sergeant Hewlett Bristol, at Fort Huachuca, Arizona; and Private First Class Willard Bristol at Camp Devens, Massachusetts. Others in this family are Corporals Charles and Stanley, Privates Elmer, Allen, Foster and Laurence, Private Howard and WACs Florence and Lenore Bristol. Corporal Harold Bristol is assigned to Baer Field and is serving as an MP. He has been at the base since August, 1942.

NAACP FIGHT FOR EQUALITY MEANS BLOODSHED SAYS ALABAMA WHITE PAPER

NEW YORK CITY.—The N. A. C. P. offer of free legal defense to Detroit riot victims was assailed this week by an Alabama paper. The sheet "The Southern Watchman" is edited for South-wide distribution at Greensboro, Ala. The NAACP plea for funds to carry on its legal work was quoted in the Watchman's attack against Walter White.

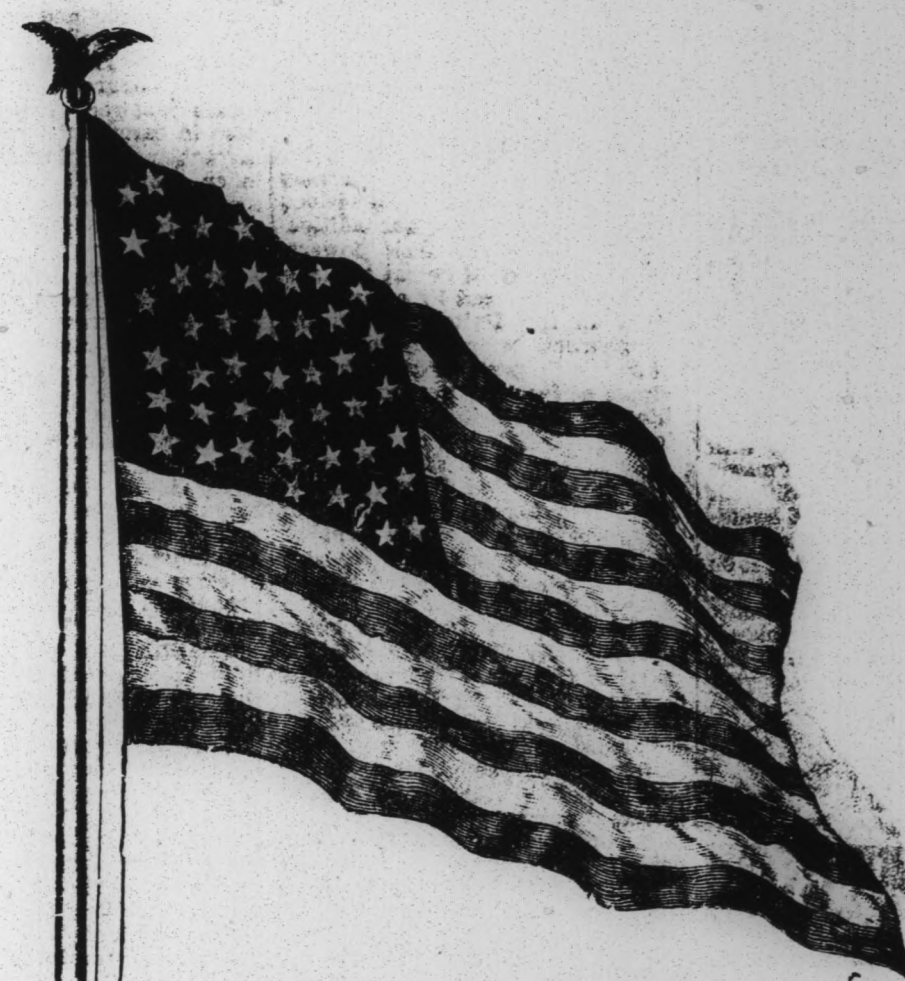

"Walter White," said the article, "has preached for the absolute equality of the races. In so doing, he has contributed no small amount toward strife in America. He has a large equity in the Detroit riots. As much as any man in America, he has brought about discord. With every additional dollar which he raises to fight the Negro's enemies, he is raising money for the shedding of more Negro blood."

CIO BACKS FDR; ASKS SCHRICKER TO RAP RIOTS

GARY, July 23.—Reaffirming its general wartime policy, the executive committee of the Indiana CIO in a statement this week called upon all Americans to unite behind President Roosevelt, to help carry out the Casablanca decisions and to help force the unconditional surrender of the Axis powers. A five-point plan of defeat is clearly being worked out by certain elements in the United States, the CIO charges, some of them ignorant or blindly partisan or deliberate helpers of fascism. Support of CIO Chief Phillip Murray was likewise pledged.

The first point in the CIO statement declares that John L. Lewis and others exploit the grievances of the workers and create disunity. Dealing with race hatred, a warning was sounded about the growth of hate propaganda.

"The American people are being systematically spit into racial and religious factions. The race riots in Los Angeles, El Paso, Mobile, Beaumont, and Detroit are not accidents. They did not grow merely out of the racial or religious prejudices that have existed in this country for generations and in Europe for centuries. They were deliberately aroused to action by organized incitement. The Ku Klux Klan, the Christian American association, the America First party, the League for White Supremacy

and axis pair agents are clearly responsible for these disgraceful riots which have endangered the war effort.

"Religious hatred is being fomented along the same stereotyped lines. Propaganda against the Jew and the Catholic is circulated ever more widely."

Points three and four deal with congress, as follows:

Point 3—"The defeatists and fascists in congress have seized the Lewis inspired strikes as an excuse to carry out their long standing schemes against the American labor movement by passing the Smith-Connally-Harness bill and over-riding the president's veto of the bill."

Point 4—"The defeatists, fascists and certain bigoted partisan members of congress, together with profiteers and monopolists, are desperately fighting the administration's effort to prevent inflation, to prevent salary and tax argles and to enforce effective price control. This drive to increase the cost of living is a direct threat to the home production program. It is intended to further provoke workers by intensifying their legitimate grievances into strikes which halt production now when it is most needed."

The fifth point constitutes a carefully planned but varied attack on the unity of the united nations, it is charged:

"The same forces, defeatists, fascists, profiteers, monopolists, partisan politicians and dupes are threatening the very basis of victory, the unity of the united nations, Soviet and Britain bailing, Darlanism, witch-hunts, such as those conducted by the Kerr committee against 'premature anti-fascists,' emasculation of the office

of war information, propaganda of a cheap victory with our allies, doing the fighting for us, propaganda about Japan being the principal enemy, propaganda about the motives and demands of our allies after the war, propaganda about control of air routes and land bases after the war, all these are part of the fifth common drive against the necessary co-operation of the united nations."

This statement continues: "This five-point offensive is Hitler's real 'spring' offensive against the united nations. The really dangerous and critical fighting is not now on any military front. The fighting men know their job, know what they are fighting for and are doing what must be done to bring about military victory; but confusion, disruption, defeatism and treason on the home front can bring defeat."

"The labor movement must assume its share of the responsibility for this perilous situation. The workers of the United States were too busy, too wrapped up in producing the goods to vote in the 1942 election. The reactionaries, defeatists and profiteers all took advantage of this situation and have for the entire period of the 78th congress disrupted, obstructed and interfered with the war effort."

"The CIO of Indiana is resolved that this shall not happen in 1944. We look with deep alarm at the records of Indiana congressmen. We cannot understand why these men have allowed themselves to be used by the forces of defeat and reaction."

"We call to the attention of all citizens the fact that Senator Willis, Congressman Harness, Halleck, Grant, Wilson, Gillie, Johnson,

Springer and Landis by their failure to support the president, to support the anti-inflation program, by their going along with the fascist drive against the labor movement, by their failure to denounce and oppose the spread of religious and racial persecutions and failure to support and strengthen the unity of the united nations, directly and materially have hampered the drive of the American people to complete victory in this war."

The recent race riots in Detroit caused as much damage to our war effort, as would have an invasion by two divisions of Nazi troops, the statement charges, with more than 1,000,000 man hours of work lost as a result.

The state council proposes that Gov. Henry F. Schricker "act at once to assist all communities of Indiana to take steps to prevent occurrence of race riots here," and urges all mayors "immediately to appoint bi-racial committees with full representation of all groups in the community, to investigate the background of race riots, to discover the pattern followed in other communities or states to prevent them and form that pattern here."

MRS. CAMPBELL DIES; ONCE HAD EATING PLACE

After a more thorough investigation had brought to light the information that she had "suffered pains in the head and high blood pressure for about ten years," a verdict was returned Wednesday in the case of Mrs. Victoria Campbell, 85, 901 Darnell by Deputy Coroner Francis D. Hummons. The coroner found such facts as to point to death by natural causes and because of this a post-mortem examination was not made.

One of the first persons living in the lower Darnell street area and a renter at the same address for 35 or 40 years, Mrs. Campbell died at 10:30 Tuesday morning in her neat four-room home. She had been ailing for about two weeks. It was learned, but she did not "believe in doctors" and none was called to check the complaints "of pains in her stomach." The last time that a physician attended her was ten years ago when she called Dr. Furness, who lanced her foot after pus had formed following a small wound caused by a nail on which she had stepped.

Neighbor women, knowing that Mrs. Campbell had been ailing, called Tuesday morning and inquired of Payton Williams, 82, same address, about the woman. Williams, a lodger in the home for 18 years, and the two women mounted the stairs and found Mrs. Campbell in a slight stupor and breathing a little hard. Within a short time, Mr. Williams said, her breathing grew easier "and she just slept away." He immediately notified the coroner's office and Deputy Coroner Hummons, Police Officers John Metzger and Albert Booth made the investigation.

The coroner's preliminary examination revealed that the elderly woman had evidently spent much time a-bed, despite reports that she had been active until her death, cleaning the house, cooking, and other household chores. When she was ailing, Williams took charge of things, he said. (He had lodged with Mrs. Campbell since before the death of her second husband.)

Pictures in the home showed that Mrs. Campbell was formerly quite attractive and older residents doubtless remember her as the one-time operator of a restaurant at 10th and Senate, at which workers of the Dean Pump Works and other neighborhood employees used to eat more than 30 years ago. She was likewise a member of the United Brothers Sisters of Charity and several other lodges and organizations. She was a native of Chattanooga, and had been a member of Second Baptist for many years and of Mt. Calvary, and "Rev. Charles Williams was her pastor."

The body was released to Jacobs Brothers from the City Morgue. Funeral rites will be held Saturday with burial at Woodhaven.

Funeral rites were conducted at the John A. Patton funeral home Monday afternoon. TRIED TO AVOID N'SIDE TROUBLE, SIMMS REVEALS

A trial involving several men who figured in a North Side shooting recently will be held July 30 in Court 3, following a preliminary hearing last week. Robert Lee, 24, 604 W. 24th, and Hascol Stone, 26, 1135 W. 26th, who have been released from City hospital, were shot by Edward Simms, 1049 W. 26th, when he went to a neighborhood restaurant for cigarettes. The men forced trouble on him, Simms says, and in spite of his repeated efforts to escape they were seized and threatened. He did not draw his gun or shoot until he fell on his back in dodging a blow aimed at him by one of the men, Simms stated. His assailants are members of a group well known on the North Side as troublemakers, Simms says and he could offer no reason for their starting trouble with him. When he did not return immediately, his wife, whom he had left seated in their car at the corner while he went for cigarettes, started towards the restaurant and, seeing that the men were molesting her husband, pleaded with them to let him alone, saying that he had done nothing to them.

BOARD HEARS METZGER CASE

A hearing was held this morning (Thursday) by the Board of Public Safety regarding accusations against Police Patrolman John Metzger that he slugged a youth and used unnecessary roughness in making an arrest some weeks ago.

Claude Jordan, the youth, in a statement to his attorney, stated that Metzger struck him with a blackjack while he sat in the back of a police car following his arrest at the home of his brother in the 1800 block North Capitol avenue, June 23.

Jordan said that Metzger struck him after he questioned him about an argument between his brother and his brother's landlady. Jordan was convicted of disorderly conduct, resisting arrest, and carrying concealed weapons and fined \$1 and costs in Municipal Court by Judge Pro-tem George Rinier.

Henry J. Richardson, defense counsel, said that his client has been inducted in the army and he is trying to get him here for the trial. Clifford F. Becker, chief of police, did not request a police trial board hearing, because, he said, Metzger won his case in court. The officer said that he struck Jordan after Jordan doubled up his fist at him. He found a 3-

for money to be returned that had been paid for the support of a child who was subsequently transferred to another home. She said that she left the money at her daughter's home and Mrs. Leeke collected it there.

A welfare official, Mrs. Bernice Church, brought records into court and when sworn in testified that there was no record of the money allegedly collected by Mrs. Leeke having been returned into the office.

A deputy auditor and a deputy treasurer testified that the checks involved had cleared the bank and that they had been drawn on welfare department funds.

Madeline Butler, editor of the publication, said that the caption of the article was her own and not Mrs. Roosevelt's who is a member of the advisory board of the organ. The Threshold declared that "we fight for nothing of real value" unless we know that all men here have an equal opportunity. This equality, she contended must extend to all peoples everywhere, but the job must be completed at home first.

"A great many people believe that there should be no intermingling of races," wrote the First Lady. "Hitler has proved with bloody massacres that he holds this belief. Nevertheless, down through the ages, it has been proved over and over again that this is one of the questions people settle for themselves and no amount of legislation will keep them from doing so."

"We would not have so many different shades of color in this country today if this were not so. This is a question, therefore, that I think we have to leave to individuals, not only all over the United States, but all over the world, to handle."

"There is no more reason to expect that there will be more intermarriage if the four fundamental basic rights of citizens are granted to all people in this country than there will be if they are withheld. In fact, I think it probable that there would be less."

Patrolman Metzger together with Patrolman Grant W. Hawkey was given a citation by William H. Senny, president of the Board of Safety a few weeks ago for capturing a jail breaker and was described by Becker as being a good and brave officer.

SUN STAGES BLITZ SPEEDY BLITZ UNLEASHES RUSH OF MISERIES THAT DRIVE CITIZENS TO SEEK RELIEF

Old man sun is the original blitz fighter when he starts his regular summer war. He acts fast and he takes whole cities at a time. Up goes the temperature and in comes a regular flood of heat rash with its stinging hot feeling—sunburn, with its painful burn, so that sometimes you don't feel anything can really help you. That's the time to remember Mexsana, formerly Mexican Heat Powder.

Mexsana is clean and white, and its breezy touch is so cooling to the

burn of sunburned skin. It really does beat the heat of heat rash—relieving its prickly stinging feeling, and it takes the oom from the itch of pesky mosquito bites. It's the kind of medicated powder frequently recommended by specialists for just such miseries. And yet it costs little; you get a generous supply of this 40 year favorite for only a few cents—even greater savings in larger sizes. This year, be sure to keep ahead of these hot weather miseries. Today, get your own supply of Mexsana.

CIO MAPS PROGRAM OF TOLERANCE

The Executive Board of the Indiana CIO in a recent meeting condemned the spread of violence growing out of race hate. The Board called upon the Governor of Indiana and Mayors of industrial communities to take steps to prevent racial clashes. The officials of the various industrial communities are requested again to make preparations to handle riots in honest, practical manners. The statement of the Board, in part, is as follows:

"Indiana must have no race riots. To the everlasting shame and disgrace of our country recent weeks have seen a series of abominable assaults upon the very foundation of our country. . . . When our country is in a war for tolerance; for rights of individuals; for freedom of conscience; freedom from want and especially freedom from fear, it is incredible that those who call themselves Americans could participate in vicious assaults on racial or religious minorities.

"The officials of Indiana both state and local, should certainly take immediate steps to see to it that there are no race riots here. The Mayors of our communities must make certain that their law administering agencies are impartial. That we do not have any situation in Indiana where the police participate on the side of one group as against another. . . .

Members of the Ku Klux Klan, the Black Shirts, the America First Party, the Pelly-ites, the League for White Supremacy and the Christian American Association are outright agents for Hitler must be isolated, exposed and punished. . . . "We urge the Governor to act at once to assist all communities of Indiana to take steps to prevent the occurrence of race riots here. We urge the Mayors of our communities immediately to appoint bi-racial committees with full representation of all groups in the community, to investigate the background of race riots. . . .

"The work of these committees should be widely publicized so that decent Americans can recognize vicious rumor mongering, racial and religious incitement for what it is (FIFTH COLUMN CONSPIRACY). We call upon the press and radio of Indiana to instruct rumor clinics to expose the propaganda stories and rumors which Axis agents and their stooges are spreading, so that the public generally will be able to dispose of these rumors and propaganda stories before they cause any tragedies here."

"IF OUR COUNTRY IS TO SURVIVE AS AN INDEPENDENT NATION, WE MUST WIN THIS WAR. TO WIN, ALL AMERICANS MUST BE UNITED. WE CAN NOT AFFORD INTOLERANCE OR BIGOTRY. IF THE CITIZENS OF INDIANA UNITE AGAINST ALL BIGOTS, ALL PREACHERS OF INTOLERANCE THERE WILL BE NO RACE RIOTS HERE."

The tenets of the Congress of Industrial Organizations hold that workers, as workers, have common interests to promote or protect. The leaders of this labor organization are pledged to such principles, and the spirit of democracy is on the increase in labor ranks on account of the existence of this organization. However, and unfortunately, working people over the nation, through ignorance or blind allegiance to outmoded traditions, have contributed to the shaping of dangerous designs on all organized labor.

A pattern of fascism is being shaped presently in our land, in which no fair hopes may be afforded to any workers. The working people of the nation, such individuals or groups as are in sympathy with reactionary or intolerant movements, are presently the greatest instrumentality for development of fascism. The inconsistency of working people over the nation, in championing the cause of their enemies, is a matter of great anxiety among wise and honest labor leaders. Leaders of the CIO in Indiana and elsewhere appear to be cognizant of the evil situation.

One does not need to look very far, for real facts on the relations of U. S. fascism with such groups as America First Party, the Ku Klux Klan, the League for White Supremacy, the Christian American Association and kindred groups or organizations. Powers influencing these groups are working behind the scene in their diabolic assault upon a wider development of fair processes in our democracy. The enemies of democracy are using every possible approach in an effort to black-out the gains of organized labor over the nation. The workers of our nation upon studying history of the workers of Italy, Germany, and France in the last two decades, should find reasons for fear.

Reactionaries in Congress and the Southern Bloc in an assault upon organized labor passed the Smith-Connally-Harnes bill. The influences behind trends to fascism knows the first step in intrinsching fascism, is the disruption of the ranks and powers of organized labor. The legislative bloc functioning in the interest of reactionarism has impeded effective measures against inflation. They have fought the federal administration's liberal policies in behalf of labor and the rights of working people. They have saddled an unequal tax burden upon wage earners of the nation and compromised projected policies of victory or peace following the end of the war.

The CIO in Indiana calls attention of working people to the responsibilities in these matters. Workers of the nation have been, in a measure, both the tools and victims of trends towards fascism. The workers of the nation in saner reflections must abandon their role in this despairful challenge of democracy. In looking to 1944, they must not forget "the forties" behind us. In "Forty-two" workers were too busy to vote. The reactionaries gained ground in the failure of workers to vote. The 78th Congress is a striking example of the things that can be expected out of reactionary developments. The CIO of Indiana is resolved that workers of Indiana shall be informed on the nature and full extent of the evils of intolerance and the dangers awaiting workers, who shall play the game of the opposition.

Though a Man Die in the Fight for Freedom, He Can Never Yield His Sword—Hibbitt.

THE WORLD TOMORROW AND RACE ISSUES

Speaking recently to an interracial group in Iowa, Dr. Erroll T. Elliott, president of William Penn College, white educational institution of Oskaloosa, Iowa, said, "The people fighting side by side of the white race in the struggle for freedom—are wondering what the United States is going to do about the race question, which is the greatest problem facing the world today."

Again quoting Dr. Elliott, in part, he advised: "There is no salvation for one race apart from that of the other races. The destiny of all is linked up together, and it does not make sense to say one race is superior to another or that one race is destined to rule the world." . . . "Our chief common enemy is ordinary ignorance. We are not intelligent on the common questions with which sociology and anthropology are daily concerned."

"If we were measurably mature intellectually there could be no race riots or other demonstrations of racial animosity. The attitudes accompanying these violent demonstrations are essentially fascist, they reveal the enemy behind our lines polluting the blood stream of democracy."

"We have listened and shouted the love of God, for a world and yet behaved as though He loved only one race, one culture and one nation. This religion compounded of substitute materials can not stand the weather. If we are to gird the church for spiritual service to our age, we shall need to re-orient it into the climate of our world and deepen it into the calm moving on-flowing purpose of a creative God."

* * * * *

The race question or the matter of superior or inferior people in the world, according to how it is dealt with—will be inductive of more strife in the world as Dr. Elliott advises. War on a vast scale growing out of race issues is near inevitable, depending on whether the dominant white civilizations shall effect any practical measures of humanitarianism over the earth—such measures are embraced in the Atlantic Charter and the "Four Freedoms." However powerful influences in the dominant white civilizations are contending that these reflections of Christian culture are only empty idealism. "Milk from the Hottentots" is denied and the spirit of fellowship among men over the earth is refuted for the reason that eleven men out of each twelve men over the earth are not of the superior white race.

However, the fact that the superior white man is only one among each twelve men over the world forbodes of an eventual reaction against iniquities perpetuated in the false doctrine of a superior white race. In the small world of tomorrow the vantage ground of "machine age" production will have ceased to be the secret of any particular people or nation. The white man has dominated the earth through his leadership in material development. Today and hereafter this material development may prove his undoing. He can in his present position save himself by turning to the promotion of the spiritual or ideal development of humanity.

Such views are ventured with consideration of superior and extensive facilities for the exchange of real knowledge and honest information in the world of tomorrow. In contrast with Dr. Elliott's admonition on the greatest question of the day, the spiritual vacillation of humanity is a great issue of the day. In this connection the so-called race question has been an eternal mockery of the white man's religious or spiritual and ideal embodiment. The civilization in which we boast of Christian culture and democratic processes reflects little of the true spirit of fellowship and brotherhood among any men.

Dr. Elliott and others stressing mildly the ailments of our Christian culture and democratic civilization will not be heard by enough people. Again people hearing the message have found it easier to follow the beaten paths of falsehood, fabrication and "organized hypocrisy" than to take a bold stand for truth, which has few friends other than the long reaches of infinite time. Finally as Dr. Elliott has noted the spiritual raiment of the white man's civilization will not stand the weather unless there is recourse to re-orientation to the climate of a world of darker peoples.

Even after one makes a good hit, it is then the running that counts.

This is especially true of a Christian; he must make well of his strikes, then with confidence move forward.

He takes food from our victory gardens after some digging, but there will certainly be some buying up town where there has been too much sitting around.

Isn't it strange how quickly some of the most untrained persons become acquainted with "food points" while thousands of highly educated folk fail to grasp the Master's point when He said "seek ye first the kingdom of God and His righteousness and all these things shall be added unto you."

You may not get very far with men down here, but don't lose any time in building your second front with God.

If you don't use time it won't take its time to accommodate you.

The very first time you say you're going to get started toward a certain task, that is the very time to do it.

Some folks' religion is as loose as some of the heels that go by today, and count very little toward the heading of the nation, for they never have anything to give away.

"What shall we do now," he asked. His voice was tense and low as if he feared he might be overheard. You say that there might be a repetition of Detroit and Beaumont in any city, even here. His glance fell on the children playing in the street, their shrill voices rising above the sound of the traffic. "I can't understand it. Why do they hate us so?—I mean so many of them. Why are they

against us having skilled jobs and high pay? Do they want all of us to live in alleys and slums, to be ragged and ignorant and dumb forever? Mr. Carter, I didn't want to look at the papers that week. I felt ashamed. Everywhere pictures of colored men running or lying in the street. I was ashamed and I was so mad I think I was even sore at my boss just because he was white though God knows he always treated me fine. But what

Cruising 'Round

WITH LEE J. MARTIN

1. Back to George Washington Says Mr. Tydings.
2. Other Thank Willie, It Does Not Matter Who the Republican Nominate.

P. S. Local Free Enterprise.

IT WOULD seem strange that a progressive man like Senator Tydings of Maryland—I say progressive because he has progressed to the point where he is now, the biggest apple grower in America, inspite of New Deal handicaps, failed to see the handwriting on the wall. Now after his shotgun has made him the apple-growing champion, and paid him 50 or 60 thousand dollars in cold cash for his services, as a senator, he wants to put everybody else back to 1750, when a few good cherry trees were a luxury, even to George Washington, or his father wouldn't have raised so much h. . .

He cut one down. Yes, it would seem strange indeed to hear supposedly learned men say such things, if it were not that stranger things are being said and done. We agree with Mister Tydings that it will be hard to get back to the firm foundation of free enterprise, that was when each of us staked out our own claim, hewed our own lumber, built our homes and protected our holdings with a shotgun. Since that time, blocks, cliques, clans, associations, have had so many special privilege laws placed on the law books of the states and nation that they created friction so often that so-called free enterprise, finally burst into an all-consuming flame, and burned from 1926 to 1932, despite the fact that all economic laws and the government were controlled by the free enterprise. The self-destruction of free enterprise was smothered from 1933 to 1941, but

the world was hot and burst into flames again from the same friction of said free enterprise.

WITH the world aflame, and men like Tydings refusing to correct the faults of our so-called free enterprise, we will not only have a hard time getting back to George Washington, but we will have a devil of a time getting back to Hoover.

Yes, stranger things are happening. Republicans are fighting the 1944 election with the war a side issue; Democrats are fighting the war and themselves, newspapers and business are fighting the products of their own educational system. We send troops over to England, then get mad with Englishmen for welcoming our soldiers. But the strangest of all is the "putting-on-the-spot" of our generals, by mixing them in politics, before they achieve victories. Every Republican is picking a general for president, it should be stopped until victory is achieved for other than Willie, it doesn't matter who the Republicans nominate.

JOE HEPBURN: "Brazil, Terre Haute, Ft. Wayne, It's Lieut. Chas. B. Hall—let's make it Indiana's—Chas. B. Hall."

P. S.—Can't close without a good word about free enterprise — as practiced by our smaller businessmen, despite war handicaps—Our own newspaper — keeps rolling along. Messrs Gibson and Jackson of watermelon fame, now operate a chain of four restaurants and a barbershop, with Mr. Jackson still handling baseball at Victory Field. —So if you don't get too large, free enterprise may work.

WAACS DISCHARGED

To the Editor:
 Indianapolis Recorder

"Negro Waacs are discharged from the United States Army."

This is the news paper headlines that caused much comment among colored people during the past week. However at no time during the many discussions that I heard was I impressed by the slightest degree of sound reasonable race thinking. My observations covered the area from the haughty teacher of our children down to the humble boot black. As an American Negro who has made a life study of my people I find that the case is similar in many details to many others with which I am thrown in contact every day. My experience has taught me that all the black man needs is a smattering of education to give him license to automatically rise above his people no matter whom he crushes in his ascent. It is not only in the streets but in any of our jim-crow institutions for uplift and advancement, you will find treacherous Negroes who would gladly sponsor a "back to

chattel slavery" movement if it would make possible a few white collar jobs or positions where Negroes can dominate other Negroes. The Waac organization was created by this Government for the purpose of relieving Soldiers for actual combat duty. That of course meant that for every Waac volunteer some Negro must go out and risk health and life for a preached of democracy which never did and never will exist for him in America. To me that seems a damnable state of affairs. With thousands of our young men being literally dragged from their homes to suffer untold hardships, humiliations and disgrace in the service of the United States Army, it seems incredible that colored women can be induced to volunteer in a service that will force their men out on the battle field to die for nothing.

Incidentally, I call attention to one newspaper which held the Waac episode in glowing protest headlines. On one page some Negro had downed a Nazi plane while on the very next page law enforcement officers were photograph holding a colored civilian while

are we going to do?"

This was a long speech for Henry Stanton. He took off his hat to wipe his forehead glistening with perspiration. For the first time in those days, the radio, where both whites and colored lived as neighbors, according to Life Magazine in its brilliant picture commentary of the riot.

"But, Mr. Carter," he said "it's growing here and the South does not have to try so hard to spread it." "I know," was my reply, "we have a chance, a fighting chance to beat it. That's all we need, a fighting chance. The dominant forces of the world have made the test for liberty not whether you deserve it but whether you will fight for it and die for it, and that is what we must be willing to do. And you must not forget that there are powerful forces on our side. Great Americans like Pearl S. Buck and Thomas of the C. I. O. and many others and there will be more—but most important of all there is the spirit of the times sweeping the world, the spirit of freedom and equality for all men."

"That sounds all right," he spoke deliberately. "But supposing a mob started today right here. What should be done?" "In that case" was my reply "there can be but one answer. The whole history of the Anglo-Saxon world has given us that answer. We must avoid trouble. We must avoid the appearance of trouble. We must appeal to the forces of law and order. But it has been written in the English law with a pen dipped in the blood of Englishmen that every man's home is his castle and he shall defend it to the death."

While I was speaking Henry was looking at the children tired from their play now quietly sitting on the edge of the park. At last he spoke. "I hope," he said "it does not come to that here. But if it does, that's where they will find me, on my doorstep."

THE NEGRO IS IN THERE
 In strikes, riots or in peace
 In discrimination beyond compare
 In every phase of life we find
 The Negro "is in there."

The Army, Navy, and Marines
 Seemed to be so unfair
 But no matter what they do or say
 The Negro "is in there."
 And fly a plane no! he's not capable
 Keep him out of the air
 But with courage and faith he pressed forward
 The Negro "is in there."

In faith, religion and profession
 This might sound very rare
 They say he has a place, keep him in it
 But the Negro "is in there."

 Flying around—
 Cause the crackers get mad
 If I try to pin it down.

I guess LIBERTY'S supposed to be just a hope.
 When Negroes try to make it real
 They look for a rope.

White folks oughtn't to use Those fine words that way
 When they don't mean a thing
 Those words say—

In conclusion I will say that the Waac affair should serve as an education to all loyal Negro Womanhood; not only from the white man's angle but from the standpoint of the colored man himself. We must beware of our Negro leadership. It may be ignorant but more likely willful and treacherous; selling us out for a price.

The one person you can't dodge is yourself. The one criticism you can't dismiss is that of your own self knowledge. The one charge you cannot argue against is that before the bar of your own conscience. The one person you have to live with is yourself.

Know yourself and your capabilities. If you spent as much time and energy trying to live up to what you want to be, as you do putting on a front for the benefit of others you'd really get somewhere.

In an organization to which I belong, there is one man who knows himself. Everyone looks up to him, for no matter what the circumstances, they know that he will decide according to what he thinks is right for him to do, with the result that he is always fair to others.

There is a great deal of difference between being egotistical and being self-contained—just as great a difference as that between isolationism and self-sufficiency. One is the front, the other a future. Know yourself and live up to yourself. Be yourself. You will feel fear vanishing because you are sure. Be your own master. It isn't easy, but its rewards are great. Therein lies the only real freedom from fear, because the solution to any and all problems lies within one's self.

Find out what you believe and why. Then you won't be swayed by momentary emotion or by unreasoning prejudice. You will be sure and secure, able to go ahead because you know where you are going.

To be self contained, independent and self-reliant is to belong to one's self. It means that you will not need to lean on others or depend on what they can do for you, or to feel that to get ahead you must push others aside.

And don't be afraid to change your mind. It doesn't make any difference what your opinion has been — get right. The war is changing our views as our outlook changes. We are beginning to see things in their global significance at last. We are learning that we

THINGS I HOLD DEAR
 What made this grand old world go wrong,
 And made our minds go either weak or strong?
 Someone has shifted the wrong gear
 And made me lose the thing I hold dear.

Nothing seems to be very clear
 Of why this world is in so much fear
 And why we're marching to the rear
 Away from the things I hold dear.

Why do I fight, to bring death's rear,
 Or just to make loved one's shed a tear?
 There's going to be a great change made here
 And I'll gain back, the things I hold dear.

I don't want to fight, it's not in my heart.
 Who started this war? It's not very smart
 I promise you this I'll tear you apart
 For the things I hold dear are close to my heart.

What will this war make of me?
 It will open my eyes and let me see;
 The truth of everything will to me appear
 Then the whole world will know, the things I hold dear.

I've grown to know what fear can mean
 It's one of those things that's hard to wean
 To take joy from you, I wouldn't dare
 For the things I hold dear, are right and fair.

Who said this world is dying out?
 This is just a new would about to sprout
 We're going to show everyone what it's all about
 For the things I hold dear, are strong and stout.

I won't thrust my spear into your heart
 I'm going to show you who's really smart
 There'll be no more thoughts of tears or fears
 For tomorrow will be built on things I hold dear.

MY PRAYER
 I pray for the good of our nation
 That peace may forever stand
 For vengeance is Mine said our Lord
 And is not to be given by man.

I pray that we would love each other
 That love and peace would cover the land
 For within ourselves we have no power
 But just an instrument in God's hand.

Oh that we do good for each other
 That sin and hatred could no longer stand
 But try to lift our fallen brother
 With a loving and helping hand.

I pray that peace reign forever
 And that love take place of hatred and sin
 This is my prayer for the good of our nation
 May God bless us all, AMEN.

—R. E. BARNETT.

longer is our world bounded by where we can drive, nor are our lives bounded by our recreations. We are citizens of a world and that world will be not only what we make it but what we ourselves are.

PLANT BEHAVIOR AND POST-WAR JOBS
 Editor:

The behavior of the many Negroes who have found jobs in many white factories is an interesting subject for observation. So far many factories which never employed colored people before have them in goodly number and their relations with their white workers is an indication of the American mores.

The colored folks will still stay by themselves at the noon hour and when there are little gossip groups outside before the morning bell sounds.

Probably many of the white have said at one time that they would never work with colored people, but now they are and they are not finding it especially horrible. There is probably the undercover rumors about all the diseases the colored people are supposed to have yet so far nobody has found anything wrong.

The current comment is whether or not the thousands of Negroes now working with whites as never before will retain their jobs after the war or whether the whites alone will be kept. That is a vital issue and along this line we must keep sharp and active and fully awake to our danger here.

Yours truly,
 Ed. Peterson

Cuban Crowds Gibson for All-Star Spot

Sees Hottest Race

In East-West Polls For Catcher's Position

PITTSBURGH, July 23. (ANP)—Anticipating one of the greatest and closest vote derbies in the colorful history of the East-West game, Cum Posey, secretary of the Negro National League, announced this week that Josh Gibson and Horacio Martinez are in a "death battle" for a voting lead in the Negro National League.

In the first week of voting, the famous catcher of the Homestead Grays, Gibson, polled 568 votes, and Martinez, great Cuban shortstop, is hot on his heels with a total of 560 votes.

As usual, Gibson is at the top of the list, but will have to maintain his terrific pace to hold the slim lead he now has over the star of the Cubans.

While Gibson and Martinez have a comfortable lead over their closest rivals for top honors, Pearson Newark outfielder, and Juan Vargas, fleetfooted centerfielder of the Cubans are close enough to the two leaders to overtake them.

The game this year is expected to attract more than the 45,000 year.

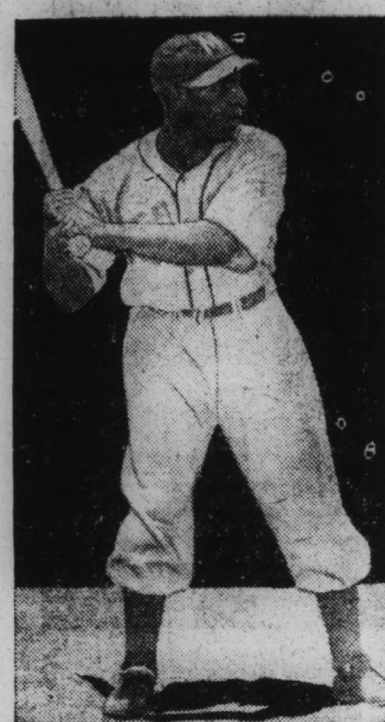

It is a certainty that Vic Harris, who managed the Homestead Grays last year to the championship, will be the pilot for the East

this year. Harris is now playing week-end ball with the Grays, and during the week working in one of Uncle Sam's defense plants. He has won the right to manage the East this year by virtue of the fact that he was the manager of the National League champions last year. The West team will be managed by Frank Duncan, veteran catcher and manager of the world's champions of sepiu baseball.

ATHLETICS DISCONTINUED AT LINCOLN

JEFFERSON CITY, Mo., July 23. (ANP)—Colleges having athletic contracts with Lincoln University of Missouri were advised this week by Raymond H. Kemp, director of athletics, that the school authorities have agreed to discontinue indefinitely the formal program of intercollegiate athletics at the state school.

The war-time conditions underlying this decision were listed by Mr. Kemp as being: (1) transportation facilities; (2) inadequate supply of athletic equipment; (3) decrease in student enrollment; (4) probable loss of coaching personnel; (5) decided decrease in player personnel.

PAIGE LEADING EAST-WEST VOTE FOR HURLING JOB

The fans of both the East and the West are sending in their votes in large numbers for their favorite players; and the players feel should participate in this eleventh East-West Classic to be held at Comiskey Park in Chicago Sun., August 1st.

Satchel Paige, Kansas City, so far is the leading candidate for the pitchers in the west, followed by Verdel Mathis, Memphis Theodice "Fire Ball" Smith, Cleveland; Hilton Smith, Kansas City; John Markham, Birmingham; and Gentry Jessup, Chicago.

Theodore "Double Duty" Radcliffe, Chicago, is leading Paul Hardy, Birmingham, by a small margin for the cat hing position, with Bassett of Cincinnati collecting a large number of votes.

Impe Barnhill, Cubans and Ray Brown of the Grays are running a close race for the East pitchers, while Barney Brown of Philadelphia is trailing close behind. Leon Day of Newark and John Wright of the Grays are the fourth and fifth contenders in this race. Josh Gibson Grays leads for catchers for the East with Bob Clark, Baltimore second and Palms of New York third.

Buck Leonard, Grays is out in front for the East first sacker, while John O'Neil, Kansas City is pooling a heavier vote than Archie Ware of Cleveland for the West.

Second base an important position seems to be between Sonny Bankhead, Grays, Russell of Baltimore and Perez of the Cubans for the East and Tommy Sampson, Birmingham, Fred Bankhead, Memphis and Sorrell, Kansas City for the West.

Leading contenders for short stop in the west lies between Ralph Wyatt, Chicago and Jess Williams, Kansas City with Billy Morn, Cleveland close behind. For the East, Mortines, Cubans has a slight edge over Snow of Baltimore.

For the East, Eastern, Grays is leading Cox of the Cubans for Senies, Baltimore for third base, while in the West for the same position; Parnell Wood, Cleveland is far out in front over Alex Radcliffe, Chicago and Sorrell of Kansas City.

There is quite a race for the outfielders in both the east and the west, as both have a large number of great fly ball chasers. Leading the list for the outfielders in the east is Kimbro, Baltimore, followed closely by Vargas of the Cubans, W. Bell, Grays, and Wilson of Harisburgh are receiving a large number of votes. In the west we find Willard Brown Kansas City leading in the west, and Neil Robinson, Memphis; is the closest rival while Davenport Chicago is crowded.

Wednesday night, July 28, brings the next outstanding baseball game to Victory Field, this time an official Negro American league contest between the Cleveland Buckeyes and the Memphis Red Sox.

The two met here earlier in the season with the Buckeyes pulling out a close victory. Since that time the Red Sox have been reinforced by the return of several of their players from the east, especially Pitcher Verdel Mathis and Shortstop T. J. Brown, and that caused them to challenge the Buckeyes to the return game here.

Cleveland is undefeated this season in Indianapolis, but the Buckeyes look for their hardest battle from the reinforced Red Sox.

Memphis, in fact, has become just about the toughest team in the league to beat now. Dr. B. B. Martin's club has everything — strong pitching, good hitting and a tight defense.

Porter ("Ankleball") Moss, veteran right-hander, and Mathis, a great southpaw, top the pitching staff, which also includes Keyes, Hutchinson and others. Manager Larry Brown, one of the greatest base catchers of all time, and Bob Smith handle the catching. The infield has Jim Canady on first, Fred Bankhead at second, T. J. Brown at short and "Red" Longley on third. In the outfield are Fred McDaniels, Neil Robinson and "Rubber" Hyde.

Robinson has led the league in home runs on four different occasions. It was a pair of four-baggers by him that enabled the West to take the last two games it has won from the East several years back in the annual classic in Chicago.

Cleveland will rely on the pitching of Theodice ("Fireball") Smith and the hitting of Sam Jethroe, Parnell Woods and the others in their star cast to carry them to victory in the July 28 game.

It promises to be another of the thrillers Indianapolis has been treated to all season in the fine program of baseball arranged at Victory Field.

ing Robinson. Others in the west, who are candidates are Hyde, Memphis, Christopher, Cleveland, Tatum, Cincinnati, Pennington, Chicago and Sims Kansas City.

According to present indications, one of the largest attendance in history will attend the eleventh Annual East-West Classic.

League-Leading Lilly Stops Lukas, Kingan; Allison Checks Curtiss

LARRY C. DUNVILLE

Eli Lilly, YMCA Industrial league softball leader, took two games over the weekend from Lukas Harold, 3-2 and Kingan 5-1 on late inning rallies.

Collins, Vandermere Star.
Lukas Harold and Eli Lilly were playing that May 22 schedule game. They had battled 8 innings to a 4-4 tie on that date and Lilly was out for revenge since Lukas Harold had dumped them 4-2 for their only league loss about two weeks earlier.

With the score tied 2-2 in the fifth inning, Lilly replaced his ace pitcher Blasingame on the mound. Davis the "posting" pitcher in that last encounter with Lukas, handedoff their batters and didn't allow a man to reach first base during the remaining innings. The first, or the seventh when Jesse Beck, Lukas one-man gang, walked Sarver, Lilly catcher, he stole second and Pet, Vandermere, first basemen of Lilly, bunched a week ago for weak hitting, slammed a single to left scoring Sarver with the winning run. Umpires Horne and Turner.

Kingan Winning Broken.
Kingan was leading 4-1 until the last of the seventh. Albert Canphrey had kept Lilly hits pretty well scattered and the Lillymen were crying defeat. Even some of the fans missed this explosion, because they just knew Kingan had just about handed Lilly its second defeat, and had left the game. Collins, short fielder of Lilly, singled to right for his third hit of the day started the spark and Vandermere's double tied the score 4-4 and sent Simmons to third. Davis walked to fill the bases, then a perfect ball down the first base line scored Simmons with the winning run. What a thriller! Umpires Campbell and Haywood.

At Douglas Park.
Curtiss Wright's belligerent team evidently decided to stick around for another afternoon of wholesome recreation but a much improved Allison team sent them home on the short end for the third consecutive week by a score of 5-1. Curtiss Wright's team, which had been robbed by Curtiss Wright hitters on three or four occasions with brilliant catches. Today was the winning pitcher and Hart the losing. Umpires, Drew and Charles, took.

Bel Man Shortage.
Indiana Bell couldn't place enough men on the field against Lukas Harold so Lukas won a forfeit 9-0 at Northwestern Park.

Standing of YMCA League:	Won	Last	Pct.
Lilly	9	1	.909
Lukas Harold	6	2	.750
Curtiss Wright	5	4	.555
Kingan	4	4	.500
Allison	3	8	.273
Bell Telephone	0	8	.000

Correction on last week's standing: Lukas Harold and Kingan game played at Douglas Park July 10 was not called an official game because it was called on account of rain before the required amount of innings had been played but will be played at a later date.

Managers, let's get together and make up those back dates. Allison team is the only one on the schedule.

Schedule July 24.
Allison vs. Lilly at Douglas Park.
Curtiss-Wright vs. Lukas Harold at Belmont Park.
Kingan vs. Bell Telephone at Northwestern Park.

WILSON PLAYS AND MANAGES CINCY CLOWNS

CINCINNATI, Ohio.—With Fred Wilson settling into his new job as playing manager of the Cincinnati Clowns in fine style, the team is more than confident of being a serious contender for the second-half championship of the Negro American League.

The Clowns were pleased to see that the added duties put on Wilson did not in the slightest impair his playing ability as a great outfielder and pitcher. In fact, it seemed to spur him on for he's hitting a robust 410 at the moment and has cracked out more than 30 home runs this season.

The change in playing management was not in anyway due to any shortcoming in McKinley "Bunny" Downs' handling of the team on the field. The pressure of trying to run the club and handle all the business affairs at the same time, especially with the hardships of travel these days, simply put too much of a load on the shoulders of Downs. It was decided to have him handle the business end on the road and Wilson run the club. The move is working out wonderfully from every angle.

The acquisition of Clarence Lamar has been another boon to the team. It enabled Wilson to put Henry Smith on second and have both Larry Morney and Sylvester Snead available for outfield duty. Snead in history have the Clowns boasted the reserve strength they have now. The lineup currently is as follows: "Goose" Tatum, Len Lindsey and "King" Tut all available for first base; Smith at second; Lamar at short; Johnny Britton at third; Wilson, Morney, Johnny Ray and Snead in the outfield; Buster Haywood and Pepper Bassett coaching; and Roosevelt Davis, Preacher Henry, Guide Piliott, "Cowboy" Murray and Wil where on the field. Britton helps son pitching. Snead plays any out on the coaching when necessary and Tatum doubles in the outfield.

The Clowns appear at Parkway Field in Louisville Sunday afternoon, July 25, for their annual doubleheader with the Zulu Cambral Giants.

BASEBALL ARMY STYLE—Members of the 2nd Cavalry Division baseball team prove that the game can be carried on under difficult conditions. Right after this they went into action. Disputes with the umpire were out.

GENE POPE IS HIT AT STEINS HERE

INDIANAPOLIS, Ind., July 23.—Gene Pope and his groovy cats are standing on their ears tonight as they dish out "Cocktails" and "Rocking" swing in the original Pope manner which seems to meet the approval of the swing patrons of Stein's Buffet Bar in downtown Indianapolis. This spot is Indianapolis' most exclusive Supper-Dine-Dance club. This boy "Sox" or "Genial Gene" as he is known to and called by fellow-musicians, will bear watching as he might pull musical rabbit out of his hat.

The International Sweethearts of Rhythm—the world famous all-girl band, returns to the Sunset Terrace for a one-niter Sunday, July 25. This girl aggregation is a popular attraction in this neck of the woods—and a capacity crowd is expected to be on hand when these lovely musical darlings hit the deck at Denver Ferguson's swank dance emporium.

Featured with the band is Ernestine "Tiny" Davis, hot trumpet player, who really sends you with "Mr. Five by Five" and "Want A Tall Skinny Papa." Also basking in the limelight are Evelyn McGee, vocalist and Anna Mae Winburn, maestro.

This 18 pretty all-girl orchestra broke all records in Theaters in Chicago, Washington, New York, Detroit, Philadelphia, Baltimore and Boston. Here is a musical bombshell for your dancing enjoyment. The greatest musical novelty of the century and the only colored all-girl orchestra in the history of modern music. MILTON LARKIN HIT IN TEXAS

FORT WORTH, Texas, July 23.—Milton Larkin and his mellow band turned on the heat on the first lap of their triumphant return to Texas, this young maestro and his boys gave until it hurt. When they appeared here Sunday night at the Recreation Hall Larkin and his great band, featuring dynamic voice of George Layne, and the Larkin Trio, proved to the home folks that they deserve the honor of being called the pride of Texas.

Roosevelt Sykes Breaks It Up In St. Louis

ST. LOUIS, Mo., July 23.—Roosevelt Sykes, "The Original Honey Dripper" is knocking 'em out in St. Louis at the Blue and Gold Room of the Australian Night club popular night spot, where the crowds gather to hear this singing and swinging favorite and Decca-Bluebird Recording star as he chirps away on the Blues in their favorite Key.

"Hangmen Also Die" at Douglas Sun.

For the first time since the war began Hollywood has enlisted the aid of the Underground. In particular, Arnold Pressburger and Fritz Lang in "Hangmen Also Die," a thrilling drama revolving around the hunt for the assassin of Heydrich, the Hangman, Nazi protector in Czechoslovakia, which opens at the Douglas theatre on Sunday through United Artists release, have collaborated with the Czech Underground in Prague in order to give their picture the authentic verisimilitude of history in the actual process of being made.

This is the fact for two reasons: first, the gladly accorded co-operation of the Czechoslovakian Legion in Washington; second, the collaboration of the Czech Government-in-Exile in London, which possesses a vast reservoir of secret documents and records all of which were made available to Fritz Lang and John Wexley, coauthors of the script.

Now comes an amazing coincidence. Lang and Wexley have in their story a certain character, a swashbuckling Gestapo chief named Alois Gruber. While the picture was still in preparation, the United Press carried a wire story that told of the "elimination" by the Czech Underground of a Gestapo official named Alois Gruber!

Also—There are Victory hats and Victory hats, but the one Arnold Judge wears in Hal Roach's farce, "The McGuerins From Brooklyn," at the Douglas theater, is a chapeau to end all such Victory models.

It is nothing more or less than a perky stuffed bird, the kind that settles down on the freshly plowed farmlands and eats up the sown grain, thus becoming a menace to National Defense. With the bird stuffed and perched on Arnold's head, it not only is prevented from doing any damage to the food supply, but serves in extremely decorative capacity.

"The Forest Rangers" at Indiana Sun.

Ever hear of a "fag bag"? Paramount Pictures, in connection with the thrilling and spectacular Technicolor saga of the great outdoors, "The Forest Rangers," at the Indiana theatre, has been helping the U. S. Forest Service and the Girl Scouts of America publicize these small but psychologically powerful devices.

A "fag bag" is a little sack made out of cloth salvaged from old sugar, salt or flour bags. Dyed red, it is given to visitors in America's National Forests. The visitor puts his cigarettes and matches in the bag and every time he wants a smoke the bag's red color reminds him of the forest fire hazard.

"The Forest Rangers" is a powerful and intensely exciting romantic adventure picture with Paulette Goddard, Fred MacMurray and Susan Hayward as the stars. Critics have hailed it as one of the top thrill films of the year. With plenty of hilarious comedy sequences, the film contains some of the season's hit music as well, including "Jingle Jangle Jingle" and "Tall Grows the Timber."

AL JOYNER MANAGES LATEST HEAVYWEIGHT THREAT

ALFONSO JOYNER, big and powerful enough to step in there against Joe Louis, the manager of a heavyweight of exceptional potentialities. The kid who is a few seasons figures to make the headlines as did Joe Louis back in 1935, is... DIXIE OLIVER, of St. Petersburg, Fla. A six footer weighing 202 pounds in fighting trim, Oliver is only 22 years old. He has had approximately 35 professional fights winning 38 of them mostly by the knockout route. By now you may have guessed that "Dixie" is a puncher of no mean ability.

We suggest that the next time you happen to run into big Elmer Ray, try and get him to talk about this kid's hitting ability. Oliver in his fight against the man who was mentioned as being of championship timber, actually tore the artifice around his kidneys loose from their natural moorings. That is punching reminiscent of the days of Sam Langford and of John Lester Johnson, who back in 1917, broke three of Jack Dempsey's ribs in a ten round (no decision) fight which my late daddy witnessed and told me all about.

Won Florida Title—Whipped Villar

Stacked up against the best Negro boxing prospect throughout the State of Florida, (1941) Dixie took the measure of Larry Kid Levett as boxing experts predicted a rosy future for him.

In Tampa where Benjamin Field is the mecca of boxing fans as is Madison Square Garden in New York City, Oliver won his way into the hearts of southern fans by scoring 11 straight wins there. The name of CLAUDIO VILLAR has appeared in Nat Fleischer's nationally read "Ring" magazine as well as the leading white journals here and abroad. He was regarded by the Latins (Cuba, etc.), as the reincarnation of the never-to-be-forgotten... LUIS ANGEL FIERRO. Villar was the honey-man of boxing in the Antilles being more feared than Godoy or Alberto Lovell by white heavies.

Oliver kayoed Villar, but—There were so many angles to the Claudio Villar fight which appears on the record book as a win for the burly Cuban, that it reads like a mystery story. First Villar is handled by Jesse Losado, sort of a "Cuban Mike Jacobs." He is chairman of the Cuban Boxing Commission and is chief representative of the power Cuban Winter Sports enterprises. That meant that Villar did not lack for the type of influence he needed after Oliver finished with him. The promising Florida lad had the fight well in hand throughout finally nailing Villar with a crushing wallop which scored him for the full count.

Oliver understands little Spanish. Still he understood enough to know when the referee's count reached ten meaning that Villar had been kayoed. After hearing the number spoken by the Spanish referee Oliver walked over and helped Villar to his feet. The groggy feeling worn off by now Villar struck Oliver a vicious blow in the groin.

The upshot of the whole unbelieveable resulted in Oliver (believe it or not Ripley) being DISQUALIFIED, and the Cuban officials de-

claring the "knockout" Villar as the winner???

But that's boxing for you when a native son is facing a hardy individual like... Dixie Oliver, New Yorkers will recall reading Hypo Igoo's (N. Y. Evening Journal) gave notices over this youngster after a gym session with south-paw Mello Bettina, who holds a win over JIMMY BIVINS (no less). Only last month (June 27) Oliver fought in Griffiths stadium, Washington, defeating one Ted Horton, Alfonso Joyner, popular man-about-town and wise in the ways of boxing matters, is content to push Oliver to the stop by easy stages.

For the moment Joyner is content to let Oliver act as "policeman" for Bivins and that crowd. That is to say, Oliver will face any of the "duration heavyweight contenders" who feel they have a right to face Bivins. The kid, if left to his own devices, would fight any man alive. That speaks volumes for his courage and natural fighting instincts. But Mr. Joyner is doing the thinking for this combine and here is one Negro lad who will not be exploited or sacrificed too rapidly. We wish much success for this team and we feel certain... they are going places, and we do mean the top rung of the fistie ladder...but DEFINITE-

Already this season the soldiers have proven their strength by downing such clubs as the Siebert Replacement center, Anniston Ordnance works, Huntsville Ross Barbers, and Fort Oglethorpe's Post detachment. At this writing, the fighting 4th Regiment crew is unbeaten.

Organizer and manager of the Siebert team is Tech, 4th Grade Elton Spruell, former second baseman-outfielder of the Mohawk Giants and the Newark Eagles. He is a smart baseball man and is largely responsible for the team's hustle and spirit.

SATCH WINS BUT WIFE ASKS FOR DIVORCE

CHICAGO, July 23. (ANP)—Leo Roy "Satchel" Paige, greatest pitcher in baseball, had his day Sunday before 22,000 fans at Wrigley Field, home of the Chicago Cubs. Loaned to the Memphis Red Sox for the occasion, he not only pitched five hitless innings as the southerners beat the New York Yankees 1 to 0, in the first game of a double-header but he also caught special gifts from many presented by admirers, including a petition for divorce from his wife, Janet Howard Paige of Chicago.

Service on the marital matter took place in the dressing room. In the bill Mrs. Paige, 37, charges that Satchel, 45, deserted her in 1939 and met a woman named Lucy while playing ball in Puerto Rico in 1940-41. The pitcher, she sets forth, married Lucy without getting a divorce.

Satchel currently has a \$30,000 art collection in a \$25,000 building he owns in Kansas City, says the petition, and he has an income of around \$40,000 annually. The first Mrs. Paige married Satchel in 1934 after being married to a Mr. Howard and has a son by the first union. She has no property or money and would like the baseball star to arrange befitting alimony.

However, if the ace hurler was daunted by the petition which he failed to show it on the mound. During his five innings not a ball was hit out of the infield and Satchel fanned seven. Two got to first base on walks but died there. Porter Moss, veteran hurler who replaced him at the start of the sixth, held the Cubans to two singles in the four innings he pitched.

Many other Indianapolis Railways operators have records similar to that of Mr. Housel, but none quite equal his accomplishment. Mr. Housel will be honored on a nation-wide radio program, "Men, Machines and Victory," on Tuesday night, July 27, at 6:15 p.m., over the Blue network.

WAR FOOD OFFICIAL SPEAKS AT NEGRO CHURCH IN CHICAGO

M. Clifford Townsend, special representative of the War Food Administration, was the principal speaker at Pilgrim Baptist church, Chicago, on July 4 in connection with the launching of a goodwill movement designed to offset racial misunderstanding and conflict. Mr. Townsend pointed out that Negro Americans in the armed services, in war plants, and on the farm are making a large contribution toward the winning of the war and the establishment of the Four Freedoms. In referring to farmers he said, "One out of every nine farms in the United States is operated by a Negro. And 49 out of every 50 Negro farms are located in the South. Here is how im-

portant Negro farmers are to the South and to the entire nation. Negroes operate one-fourth of all farms in the South and supply half of the farm labor.

BISHOP WALLS PRAYS FOR ILLINOIS SENATE

SPRINGFIELD, Ill., July 16. (A ANP)—A precedent was established at the closing of the Illinois State senate last week when Bishop W. J. Walls, of the AME Zion church was selected to give the prayers on the three final days. Previously the chaplains selected were a white Protestant, a white Catholic and a Jew.

Bishop Walls was selected after C. C. Wimble, only Negro member of the senate, had been asked by Lt. Gov. Cross to recommend a Negro minister for that service. The prelate is the author of a recently published book on the life of Joseph C. Price, noted leader and founder of Livingston college.

METRO-GOLDWYN-MAYER PICTURES

"BATAAN"

which gives those at home a needed brutal picture of what war really is, and shows how superficial racial and religious prejudices are when common danger is faced. May we learn, too, how dangerous such divisive prejudices are before we lose here the liberty fighting men died for on Bataan.

More than ever before in motion picture history, Hollywood finds itself faced with an important three-fold job. It must entertain the masses; build formulas for victory and keep uppermost the American way of life. Out of Metro-Goldwyn-Mayer's studio in the production of "Bataan," a stirring picture of thirteen gallant heroes, Hollywood has lived up to its every task. Starring Robert Taylor, "Bataan" is more than just another war picture as it brings to life the courage and ideals of every American fighting on the far-flung fronts of the world for the freedom of all men. With a courage akin to those men, the producers allied with the company stepped out and for the first time in generations, gave a Negro a fighting role of dignity, casting Kenneth Spencer, the singing actor, as Private Epps, who fought and died so that democracy might live. Well pleased with the role given the great Negro actor, Walter White, executive secretary of the National Association for the Advancement of Colored People, presented Metro with a scroll in recognition for a democratic job well done. He is shown on the left presenting an award for democracy to Silas F. Sessler, an executive of the motion picture company.

LOUIS PLAYS IN TAM O'SHANTER

CHICAGO, July 23. (ANP)—Sgt. Joe Louis went back into training last week except that instead of the usual rosin bag, gloves, and second, he was accompanied by putters, No. 7 irons, a group of trailing awe-struck caddies, and three friends. The heavyweight champion this time was training for competition in the All-American Amateur and Open tournaments at the Tam O'Shanter golf course this week.

That Joe is in fine fettle and will present serious competition to other contestants was indicated by his score of 78 the first trip around with Julian Black, one of his managers, Clyde Martin, his golf teacher, Sgt. Bob Seymour, a friend from Fort Custer, Mich., and Calvin Searles, a golf professional of New Orleans.

Louis, who is on furlough from the army, expressed pleasure with his score, but said he wished he had an opportunity to play more. "I've played some in the army," he volunteered. "We had a nine hole course at Fort Riley, and then in California I had some chances to play while we were making that picture (This Is The Army) but not chances enough, I like this game."

The managers of the Tam tournament said Louis' entrance into the nationally famous open came as a surprise to them. They first learned of his intention to play they said when he announced it in the east.
